[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

I Mary Skelton of the County of King & Queen & State of Virginia do hereby certify that I am now Seventy ___ years of age – that I was well acquainted with James Hill of said County & no that said Hill enlisted as a soldier in the old Revolutionary war first for two years – after that, he returned home & remained under a furlough for a short time about one month – after which he again enlisted for the [text too faint to discern] of the war, and went into the Army. That I went to see Mrs. Hill (said Hill's wife) who lived near me, when she had just received a letter advising her that the said James Hill her husband was dead – and was either killed or died in service – I resided within one mile of Mr. Hill and was well acquainted with him & his family for many years. Given under my hand this 14th day of July 1831

The affidavit of Wilson Lumpkin ¹aged seventy-seven years [several words too faint to discern] a Justice of the peace for the County aforesaid this 9th day of March 1833

This affiant being first duly sworn saith that he was well acquainted with James Hill of King & Queen County who was a soldier in the Revolutionary War. That the said Hill enlisted under Captain Gregory Smith in the beginning of the year 1776 for the term of two years, that this affiant served in the same company with the said Hill until shortly after the Battle of Brandywine [September 11, 1777], when this affiant being sick was put in the Hospital & left the said Hill in the Company then commanded by Captain Hill Captain Gregory Smith having been promoted. That this affiant was sick for several months & did not return to the camp until his term of service had nearly expired. There many of the soldiers whose term of service had expired had been discharged before he returned to the camp of whom he believes James Hill was one, as he has no recollection of seeing him after this affiants return to the Army from the hospital about the first of the year 1778 that this affiant only stayed in camp after his return from the hospital a fortnight before his term of service expired and he verily believes that the said James Hill served out his full term of two years as he is under the impression he enlisted several weeks before the affiant did.

To enable a Private to receive 300 acres of Land, it should be substantially stated in the Governors order making the allowance that the Private entered the Service on or before the 1st of April 1781 & served to the end of the War.
