To the Hon'ble Speaker and Members of the General Assembly of Virginia

The Humble petition of William Hubbard, late a soldier in the first Virginia Regiment of Continental troops in the service of the United States in the Revolutionary War Humbly sheweth that your petitioner was wounded in the leg at the battle of German Town on the 4<sup>th</sup> of October 1777 that the wound continued painfull to your petitioner so as to prevent him from Labour in very great degree ever since. That on or about the 20<sup>th</sup> day of November in the year 1785 your petitioner had the ball extracted with a hope of its restoring him to his health and strength, but to his great mortification received but a temporary relief therefrom. That he became nearly exhausted by the unabateing pain so that at length on or about the 7<sup>th</sup> day of January in the year 1804 he was obliged to have his Legg cut off; in order to save his life. that the expence of which and that attending his long and painfull Illness previous thereto far exceeded the pension of sixty Dollars allowed your petitioner for his support & that of his family

You petitioner therefore Humbly prays that your Hon'ble house will take his case into consideration and so ogment his pension or otherwise so as to enable him to precure for his famley the common ordinary necessaries of life and your petitioner as in duty bound will ever pray &c.

We the subscribers are well acquainted with the petitioner and do know that he is a man of probity and Industry when able to Labour; that he has a wife and Eight Children none of which is able to Labour but in a very small degree; and that he is an object Worthy of relief
