A certificate from an Officer that Stadner S. Snead [Smith Snead] Major Comm[andant]
was wounded in service is necessary

I was present when the Bearer John Stadner was put on the Pension list by the Assembly; it was proved by Colo. Samuel Hawes, that he was wounded at the Battle of Camden [sic: Battle of Hobkirk Hill near Camden SC, 25 Apr 1781], and that he was in the service of the United States.

on Examination of John Stadner who appears to be about thirty five years of age, I find some smart wounds have been received on the Head, which he says & perhaps truly are injurious at particular times – the right arm has had the Ulna cut through & the Radius broken. this with the loss of two fingers from the Right hand undoubtedly creates a disability to support himself altogether by hard Labour only

[signed] W. Foushee Feb. 16 1788

John Stadner was a pensioner with the yearly allowance of £12. If the Governor should think proper to continue him, without advising with the Council, I beg to know what sum he is to be allowed in future.

Ought not the pension to be dated from Jan'y 1787? I may inquire of him. He was put on at 12£ by the assembly.
