[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call errors or omissions to my attention.]

The [Virginia State Library](#) online collection contains the following documentation relating to the above referenced veteran.

I hereby certify that Nathan Sprigg delivered me a discharge signed by Lieutenant Thomas Chandler of the Navy sometime in the last Session, to receive his depreciation by which it appeared that the said Sprigs had served three years as a carpenter in the Navy Viz. From the 1st of July 1777 to the 1st July 1780 & as I could not receive the depreciation for what reason [I] do not recollect, either lost or mislaid the discharge. Given under my hand this 2nd of March 1785
