It appears by the accompanying evidence here enclosed that William Gregory entered the service in 1776 as Captain in the 6th Virginia Regiment on Continental establishment and died during that year while in Service. The Hon'e the Governor and Council of Va

The [two undeciphered words] humbly represent that he and his sister are the only heirs at Law of Capt William Gregory who was a Capt in the war of the revolution and died in service in the year '77 which will more fully appear by reference to vouchers filed in the Council Chamber upon which we were allowed & have drawn a warrant for 4000 Acres of land the then advice of Council was for but three years, you petitioner has been taught to believe that the allowance ought to have been for the war which would have entitled his heirs to an additional allowance over six years, which was the former allowance

made to those who died in Service Your petitioner therefore ask that your honorable body will direct the Register of the land office to issue a warrant or Warrants for such additional land as may be just an proper and your petitioner will ever pray
