Pension application of Martin Murphey (Murphy) VAS399

vsl 16VA

Transcribed and annotated by Will Graves 1/15/13 rev'd 2/27/15 & 6/12/23

[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indcipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

On Examining the Wounds of the Bearer who calls himself Martin Murphy – who Says that in the [year] 1776 he enlisted under Capt. Thomas West of Loudon [Loudoun] County – that he continued in service until the Battle of the Waxsaws [Waxhaws, May 29, 1780] when he acted there as a Sergeant under Capt. Thomas Howard who was Commanded by Colo. Buford [Abraham Buford], in which battle he received the wounds that now appear extensive of a number on the body & arm some of which have done considerable Injury he has received four wounds on the Head, three of them either totally or very nearly quite through the skull & have no doubt but the account he gives of fitts frequently produced by the Injury received on the Head, being perfectly true tho' the parts are now all healed – am therefore of Opinion he is clearly entitled to as full support as is generally allowed Pensioners
