

Southern Campaign American Revolution Pension Statements & Rosters

Bounty Land Warrant information relating to William Maderson [Madison?] VAS467 [vsl 1VA](#)

Transcribed by Will Graves

2/17/13

[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call errors or omissions to my attention.]

[From [bounty land records in the Library of Virginia](#)]

I do Certify that William Maderson served 3 years as Soldier in [text obliterated] Marshall's Regiment of State Artillery

Given under my hand this [text obliterated] February 1783

[text obliterated]

S/ Christopher Roane

Artillery

A high-contrast, black and white image of a handwritten signature in cursive script. The signature reads "Christopher Roane" on the top line and "Artillery" on the bottom line. The ink is dark and the background is light, though there is some noise and graininess in the image.
