[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indcipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention.]

Point of Fork September 10<sup>th</sup>, 1783

In Consequence of Orders from the Secretary of War dated the 18<sup>th</sup> of August 1783  
Edward Lintner a private in the Virginia Line is Furloughed until called for by proper authority –  
Given under my hand the place & date above.

S/ H M Johnston, Capt. Comdt. [John Johnston]

A handwritten signature in cursive script, appearing to read "H. M. Johnston" with "Capt Comdt" written below it. The signature is written in dark ink on a light background.

<sup>1</sup> The nincompoop who copied the contents of this file included 10 pages of blank shots

<sup>2</sup> The Virginia archives interpreted this signature as "John Johnston" but it looks more to me like either "Wm Johnston" [William Johnston] or "H M Johnston." I've decided it is "H. M. Johnston" who Gwathmey lists as having served as a Captain in the 1<sup>st</sup> VA Regt. in 1783.
