² Abbreviations of names have been expanded in those instances in which the abbreviation is easily recognized

³ BLWRC No. 10860—100 acres sergeant granted September 2, 1789. "BLWRC" stands for the one page *Bounty Land Warrant Record Card* filed for each veteran who received bounty land prior to 1801. Each BLWRC contains only the veteran's name, rank, state line, warrant number, acreage granted and date on with the warrant was issued and to whom issued, if shown on the records. In the references to these records in the following footnotes, I have included all such information except the state line, which in all instances is the Delaware State Line.

⁴⁹ Two veterans of this name, both having served in the Delaware Continental Line: R5956 and X427—the National Archive took information out of the R5956 file and created the separate file in October 1935 based on proof satisfactory to the NA that there were two different veterans by the same name with different heirs.
