<sup>5</sup> I am reasonably confident that this is the same man whose widow tried unsuccessfully to obtain a pension. She does not give any details of his service, but she says he was living in Pickens District SC and was pensioned by SC at the rate of \$60/annum for his services in the revolution. Her pension applications can be found in FPA R9193 filed in Footnote.com in the Virginia index. [William Pyron S8675](#) says in his application that the only person he can think of who could support his service in the 9-month service is James Sandford of Pickens District, SC. and a man by that name gave an affidavit in support of Pyron's claim stating that they served together in the 9-month service from Caswell County, NC.
