Bartholomew Smith		33	
George Carrell		34	
John Carrell	C.	35	

\* The Roster is numbered as shown above. I am unsure as to what the C. stands for by so many names. It may represent Cavalry, as a number of men from this regiment were detached with Henry Lee, or it may represent Camden, where a number of the men were sent as illness ravaged the regiment. Names to the right in brackets are the names as abstracted by the National Archives and Records Administration.
