Bounty Land information relating to John Roney BLWt1856-200

f4VA

Transcribed by Will Graves

7/24/12

[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call errors or omissions to my attention.]

Va. Roney, John B.L.Wt.1856-200 Lieut.
Issued Sept. 4, 1792 to
Andrew Dunscomb, assignee
No papers

[The file contains the standard letter explaining that the records relating to this officer's service were burned in the fire of 1800.]

[From [bounty land records in the Library of Virginia](#)]

It appears by the Both in this office, that John Roney has drawn Military bounty for 7 years services as a Lieutenant in the Continental line.

S/ Edw'd C. Davis, Regr. Land Off.
Dec.'r 22, 1808

[Note, there is a document in this file but unfortunately it is almost entirely illegible due to the poor quality of the digital image of that document.]
