[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention.]

That your Memorialists have served for several years past as Commissioned Officers of the said State, in the Army of the United States, that their pay and Subsistence have been settled up to the Commencement of the year 1780. That the same was paid in the kind of money which fell far short of the generous Intentions of the Honorable the Continental Congress, or of those of the Honorable the General Assembly of this State. That the reduction of Charles Town [Charleston South Carolina fell to the British on May 12, 1780], Involved them in Common with the rest of their fellow Citizens in Circumstances the most distressing. That from that fatal era, this State has been Totally unable to Assist them in a manner adequate to the very liberal Resolves which from time to time have been passed in their favor – That the impracticability of furnishing their Quota of men, has pointed out to Congress the expediency of retaining no more Officers then were Actually necessary for Commanding the men we have, thereby the greatest Number of your Memorialists are Deranged, without being Allowed to draw Even the Scanty Support of Rations, & though in want of Every thing, are without any present Subsistence whatever – Their attendance to the duties of their Respective Offices having thrown them Out of the line of their former Occupations, and which they have not yet been able again to enter upon – To add to their distresses, many of them still Remain prisoners of war on parole.

Thus situated, your Memorialists beg leave to Intrude on your important Hours, so far as to request that their Situation may be taken into your very Serious Consideration – that their

Or that such other Relief Should be granted them, as this House in their wisdom shall think proper –

And your Memorialist will Ever pray.
