[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

The deposition of Churchill Gibbs² a surviving Officer of the revolution to be read and used as evidence in a cause now pending and undetermined between John B. Christian Administrator *de bonis non* with the will annexed of John Marston deceased a Lieutenant in the war of the revolution against the Commonwealth of Virginia for 5 years full pay in commutation of his half pay for life for his revolutionary service

Question by the plaintiff's Attorney

Were you acquainted with John Marston in the revolutionary war? If so state to what Regiment he belonged, what was his rank in the Army, where he lived when he entered the service, and if he continued in service until the close of the war?

Answer by Churchill Gibbs

I was very well acquainted with John Marston in the Army of our revolution; he and myself were appointed lieutenants on the same day in the first Virginia State Regiment

² [Churchill Gibbs S46002](#)

commanded by Colonel George Gibson and served together in said Regiment until it returned from the North to Virginia in the year 1780; I was then appointed Brigade Major in General Parker's Brigade of Militia, and Lieutenant Marston was transferred to Colonel Charles Dabney's Legion and was stationed at the Point of fork, and it has ever since been my impression he continued in service until the close of the war of our Revolution,

Question by the same,

Will you state what your reasons for believing John Marston served in Dabney's Regiment until the close of the Revolutionary War, and the day, month and year you consider the close of said war.

Answer by the same

My reasons for believing John Marston served as a Lieutenant in Colonel Dabney's Regiment until the close of the war are these – I very frequently heard from the Officers of Dabney's Regiment they were all old friends and intimate acquaintances, Marston among the rest of them and after the close of the war I met with said Marston in Richmond and we talked about his service and I now as much believe he did serve until the close of the war of the revolution as if I had witnessed his service all the time and have seen him discharged. The close of the war in Virginia as settled by our Court is the 22nd of April 1783, and further the deponent saith not.

John Marston
Lieutenant 1st Virginia State Regiment

The papers in this case appear to refer to two different men.

The affidavit of Eleanor Mastin, age 72, widow, made in Logan County Kentucky December 17, 1833, states that she married John Marstin [sic] a few days before Christmas, 1785 in Spotsylvania County, Virginia, and that he died October 20, 1795. 3 children are mentioned
Elizabeth M McKenney
Catherine S Pulliam and
John W Marston

In December 1833 a power of attorney was given to Christopher Tompkins of the House of Representatives, to draw the money due, was signed by the three children named above and also by William McKenney, the husband of Elizabeth.

Churchill Gibbs states that he served with him as 1st Sergeant, and that Marston was “a delicate, spare looking gentlemen.”

Frederick Fishback, 84 years old in 1834, is named in the papers.

*One record shows that Marston died in Surry County, Virginia between October 25, 1797 and March 27, 1798.

James Pulliam and later Erasmus Helm whom administered the estate, and the securities were Richard S Hyde, Edward Halladay and John C Pulliam

*Probably refers to the other man.

I Churchill Gibbs of the County of Madison in the State of Virginia, do hereby certify that during the War of the Revolution I was intimately acquainted with the above named John Maston [sic]. We served as orderly Sergeant's in the First Virginia State Regiment commanded by Colonel George Gibson – we were both appointed Lieutenants on the same day in said Regiment and continued in service in said Regiment as long as I did. He was a delicate, spare looking gentleman. I am under the impression that the officer named in the above certificate from the clerk of Spotsylvania County court is the same John Maston who belonged to Gibson's Regiment – I well remember that his name was sometimes pronounced Maston and at other time Marston.

Marston, John

A copy of a will is on file dated in Surry County Virginia October 25, 1797, witness by James Belsches, William Cocke and James Stewart. He made his wife, Susannah, at his sole Executrix. The will of Susannah gives the house at Cabbin Point to "my friend Mrs. John Peter." To William Lightfoot the Negro, Edmund, son of Susie, and other property to her niece, Sarah S Minge or Mingo, at Sandy Point, Virginia, who had married John Mingo. This will was made September 26, 1816 and was witnessed by Anthony H Lamb, John R Pierce and John Mingo, Jr.

This John Marston died about 1800 without issue. He had a sister Frances, who married Benjamin Mountcastle, reported dead in 1829, but she was then alive, and had a number of children.

John B Christian was administrator.

Turner Christian makes an affidavit in 1833, being then 76 years old.

In May 1783 a warrant for 26,666 [sic, 2666] acres of land was issued to him.

In 1834 Hamlin Wilcox, aged 69 made affidavit that John Marston was deputy clerk of Charles City County for several years, then moved across the river into Surrey County, where he died.

On December 19, 1835 a deed was signed granting to William helm of fark were County for \$1800 a sale of claim to money or lands do for the service of John Marston.

This deed is signed by Sarah S Minge of Charles City County, Ro. Buckner Bolling, and Susan Melville Bowling, both of Petersburg.

The parties were Bolling, his wife and mother in law.

[p 20: copy of the will dated September 26, 1816 of Susanna Marston summarized the above.]

[Transcriber's Note: This file, together pages 40-41 of the VA Half Pay file of [Bernard Glenn R14477](#), contain a number of documents which relate to claims made on behalf of two different men named John Marston or Maston/Mastin. The documents are so co-mingled as to require more time than I am willing to dedicate to unscrambling them. I invite researchers are just interested in these veterans to review the files for themselves.]
