[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

The Declaration of Daniel Carriel age seventy-two years, made this 12th day of April in the year of our Lord 1820 at Limestone County in the State of Alabama before me James W Walker Chief Justice and one of the Judges of the County court of the County of Limestone and State aforesaid

Said Daniel Carriel says that in the month of June he believes to the best of his recollection in what year he cannot positively say but he further says, that he enlisted in the County of Buet [sic, Bute?] State of North Carolina in the regular Army, or service of the United States as a private under Captain Daniel Jones as recruiting officer for the company commanded by Jacob Turner, as Captain and Alsay High first Lieutenant – David Speers Sergeant Major which company was under the command of General Lee in the southern division, That his enlistment was for two years and six months, – That he continued in the service of the United States, during the whole of said period under the command of Jacob Turner, during the whole of said period with the exception of about ten months in which time said Captain Jacob Turner was killed in the Battle of Germantown (and during said term of about ten months he further says he acted as Waggoner in said service under the command of General Long, Stationed in or about Halifax North Carolina and that he was honorably discharged in some short time after the Battle of Germantown the dates not recollected by General Sumner at the house of said General Sumner in Bute County North Carolina, he further testifies and says that his discharge with other papers and effects were burned and destroyed by the Tories in Ninety Six District South Carolina some time after obtaining said discharge. He further says that he was in the Battle of Sullivan's Island some scrimmages with the Indians on the southern parts of Georgia, that he was at the siege of Charlestown, Savannah and Augusta. That he served as a volunteer about three months under General Green [sic, Nathanael Greene], and was at the Battle of Ninety Six South Carolina.

He now resides in Lauderdale County State of Alabama, he owns neither land, Negroes nor much property of any description he has a wife and some other family, who are dependent for support from his labor, from age he is much superannuated. From his reduced circumstances in life he is in need of assistance from his Country for support. He has further evidence of his claim as substantiated by living witnesses whose testimony is also affixed. He flatters himself that from what he recollects and has given as evidence of the Justice of his claim, he hopes he will be found on the Rolls and Documents in the public office of the United States.
