[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention.]

State of Mississippi Monroe County: SS

On the ninth day of December 1844 personally appeared in open Court, before the Court of Probates, now sitting, James Clark a resident of the County of Monroe & State of Mississippi – aged eighty-four years, who being first duly sworn, according to law, doth on his oath, make the following declaration in order to obtain the benefit of the Act of Congress passed June 7 1832. That he entered the service of the United States, under the following named Officers and served as herein stated –

In the year 1779 being then about 16 years of age he was drafted in what was called Chester or Camden District in the State of South Carolina that he served various campaigns in the American Army, during the revolutionary war, both as a horseman, and also as a footman, that his services were so varied and under so many officers he cannot now distinctly and accurately give a full & particular statement thereof – but recollects the following particulars – 1<sup>st</sup> he was drafted in the year 1779 and joined Captain John Lann [John Land's] Company, then with Captain John Steele [John Steel], in a Regiment commanded by Colonel Samuel Lacey [Lacey?], these services, however, were for so short a period – that I never applied to the State of South Carolina for pavement therefore.

2nd. In the year 1780 I joined another company as a horseman which was commanded by Captain John Stevens [sic, probably Capt. James Stevens], Regiment commanded by Colonel Brandon [Thomas Brandon] in this Company I served four months. I made several other short Campaigns in the same year with Captain McCullough Captain Henderson [Capt. John Henderson] and Davis [Capt. William Davis] – and with one or two others whose names I do not recollect – I made a long service with Captain Montgomery [John Montgomery] (Regiment commanded by Colonel Brandon) as a horseman. I was in this Company for more than two years off and on, to the best of my recollection.

I also served with Captain John McCauley – for a short period – and I also served in Hill's [Col. William Hill's] Regiment, Sumpter's [BG Thomas Sumter's] Brigade, State Troops. I was honorably discharged by my officers and drew pavement for a portion of my services in the revolutionary war from the State of South Carolina. The records of the said State will prove this – and I refer the Department to a copy of the same given me by the Comptroller General office of Columbia South Carolina and in the office at Washington my discharges were burnt up, when my house was burned in South Carolina in the year \_\_. I am the same identical James Clark mentioned in the above record. I have not a clear & distinct knowledge of all of the above particulars, my memory has been assisted by referring to the Certificate of the Comptroller

General of South Carolina. I was never in a general battle. I fall in several skirmishes. I was with General Sumter when he took a Fort called Rugeley's Fort [sic, forces under Lt. Col. William Washington took Rugeley's Mill on December 4, 1781] in South Carolina. I served in the Revolutionary Army for upwards of four years. I never applied for pavement for all my services – in the War. I have had letters written lately to South Carolina, & have ascertained, that John Hollen [possibly John Holless or John Hollis?] by whom I could positively prove my services & my identity has lately died.

He hereby relinquishes every claim whatever to a pension or annuity except the present and declares that his name is not on the pension Roll of any State.

Sworn to and subscribed the day and year aforesaid.

S/ N. L. Morgan, Judge of Probates

S/ James Clark
