[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention.]

State of North Carolina, County of Nash

On this 11<sup>th</sup> day of August 1833 personally appeared in open Court before the Justices of the Court of Pleas & Quarter Sessions now sitting at Nashville in and for the County of Nash aforesaid William Baker a resident Citizen of the County of Nash aged Seventy Six years who being first duly sworn according to law, doth on his corporal oath, make the following declaration in order to obtain the benefit of the Act of Congress passed June 7<sup>th</sup> 1832. That he entered the service of the United States first under Captain Hardy Griffin or Captain Edward Gandy & which he does not recollect in a troop of Horse as a soldier raised for a three months Tour; but upon furnishing himself with a good Horse for the space of two months while on duty was by the Regulations of the War at that time discharged, which discharge he has in his possession & now exhibited in Open Court of which the following is a Copy

“Campt Uptons Mill April 24<sup>th</sup> 1781  
'Capt Crowell Troop William Baker  
'Soldier in the Horse Service—Having  
'served his tower of duty according to Law  
'is Discharged. S/ Jas Read Col<sup>o</sup>.  
N. C. Militia”

That soon after he reached home during the same year he again enlisted as a Volunteer for a three months Service but furnishing himself with a good Horse during two months service was again discharged as is shown by the original discharge now in his possession and now exhibited in Open court of which the following is a Copy --

“Nash County 28<sup>th</sup> of October 1781  
'This may Certify that Wm Baker  
'has served his Tour of duty in Troop  
'of Horse and is hereby discharged by  
'me. S/ Hardy Griffin, Mjr.”

That at the time he first entered the Service of the United States in the War of the Revolution the Militia of North Carolina was arranged into Four Divisions that he belonged to the Fourth & being informed that if a man would Volunteer & furnished himself a Horse & served two months it would clear him from a Draft for three months service & that he accordingly Volunteered both times & served two Tours of duty of two months each in the Troop of Horse the first of which Tours as well as he recollects was early in the year 1781 or the latter part of the year 1780. He left this Nash County under Captain Hardy Griffin or Captain Edward Gandy & was marched to Halifax in North Carolina but when the Company got there; not being needed at that time were sent back home to remain till called for – soon after which a call was made and the Company that he was attached to was marched to Tarborough [Tarborough] N. C. from whence we were marched under Colonel Clinch through the

Counties of Nash, Warren, Granville & Orange to Hillsborough N. C. where or before which time he was attached to a Company of Horse under Captain Crowell – James Read Colonel – From Hillsboro was marched out to Deep River which we crossed at Ramsey's Mill just above the Junction of Deep & Haw rivers – up and down which two rivers and in the neighborhood thereof the Company continued to scour & reconnoiter – that section of the State being greatly infested with, and annoyed by the Tories, many of whom were taken & hung – until the 24<sup>th</sup> day of April 1781 when we were discharged as before shown and returned home – where however he remained but a short time there being another call for men he again Volunteered as he now thinks the second time under Captain Griffin though is not certain whether Griffin or Gandy in Nash County and marched to Hillsboro N. C. or near there under Colonel Bonds, where we were put under other Officers & the Officers that went from Nash returned – From thence we marched out towards Salisbury North Carolina & then turned down and crossed the Yadkin River at the mouth of the Rocky River & from there went on to what was called Pine Tree or Camblen [sic, Camden] in South Carolina, where we were stationed during the balance of the term of service, after which were marched back into Nash County, where those who went from Nash & returned with us were discharged on the 28<sup>th</sup> of October 1781 by Major Griffin as before shown --
