[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

Pension Office

May 3, 1848

I certify that I have examined the claim of the administrator of Thomas Humphlet, deceased, under the act of July 5, 1832, and I find that Humphlet served as a Lieutenant in the Virginia State Navy to the end of the revolutionary war. The case is therefore embraced by the provisions of the above mentioned law; and I am of opinion that the claim should be allowed at the rate of \$182.50 per annum from the 22<sup>nd</sup> of April 1783, until the 15<sup>th</sup> of February 1794, when he died, and that the amount is payable to Francis A. Dickins, attorney of William Ivy, of Elizabeth City County, administrator of said Humphlet

To the Governor of Virginia

The petition of the Heirs of Thomas Humphlett respectfully states – That he was a Lieutenant in the Virginia Navy during the revolution more than three years, but never received the Land Bounty to which he was entitled.

The affidavit of James Burke (himself an officer in the Navy) states that he served with Thomas Humphlett three years in the Navy and states that he left the said H. in service when the affiant left it. This evidence is very positive & definite – and is from a most respectable witness as he is no doubt known to your Excellency.

His statement is strengthened by the testimony of two ladies who recollect Humphlett well – Mrs. Jones says she was well acquainted with him – saw him frequently in service during the war & knows that he was an officer but she cannot say of what grade.

Mrs. Payne in her affidavit corroborates the evidence of the other witnesses –

Your Petitioners hope the evidence now furnished will be satisfactory – but if it be not – they will endeavor to procure the testimony of Commodore Barron<sup>2</sup> who has declared (as your

[p 16]

I am a native of Elizabeth City County in the State of Virginia, as were my ancestors before me. I knew personally Thomas Humphlet, of whose services in the state Navy of Virginia I have already furnished an affidavit. Said Humphlet was a citizen and native of said County, was raised and died in that County. He was from that part of the said County known as “Saller’s Creek.” I am not able, in consequence of long absence from my native County, to trace the pedigree &c of said Humphlet, but have no doubt that his heirs reside in that county. I never knew any other person of the name of Thomas Humphlet, except him who served in the state Navy, as I have heretofore testified, and who was a native and resident of Elizabeth City County aforesaid. [p 55]

I am under the impression, that Lieut. Humphlett was in the Revolutionary State Navy of Virginia about, five years, before the close of that war, and that he continued in the service, until the end of the war; he was a Prisoner in Charleston,<sup>4</sup> until the evacuation of that City [in December 1782], by the British; and after the reestablishment of the Virginia State Navy; after the siege of York Lieutenant Humphlett again joined the Virginia Navy, his family lived in Elizabeth City County, not many miles from my father's residence, therefore it is, that I became so particularly acquainted with the circumstances connected with the career of Lieutenant Thomas Humphlett.

I do hereby certify that the above statement is substantially correct and true
