**Declaration**

State of Tennessee        }  
Robertson County        }        On this 9<sup>th</sup> day of September in the year 1851 personally  
appeared before me James Spruce one of the acting Justices of the Peace in and for the  
County aforesaid and a Justice of the county court being a court of record **Elizabeth  
McMurry** a resident of the county of Robertson in the State of Tennessee, age eighty  
four years who being duly sworn according to law doth on her oath make the following  
declaration in order to obtain the benefits of the provision made by the Acts of Congress  
ratified July 7<sup>th</sup> 1838, 3<sup>rd</sup> of March 1843, June 17<sup>th</sup> 1844, February 2<sup>nd</sup> 1848 and 29<sup>th</sup> July  
1848 and other acts. That she is the widow of **Samuel McMurry** who was a Sergeant in  
the War of the Revolution and also served as a private. She was young, not more than  
twelve years old at the commencement of the Revolution. She and her husband were  
raised in the State of North Carolina. His first tour of Service was under Captain Porter  
and was stationed at first at McGauphey's? Station; this was in 1777 or the beginning of  
1778. They were marched from there down the county to join the army near Calaba  
[Catawba River], or somewhere down there. She cannot tell he was gone three months  
and returned. His next tour was under the same Captain Porter, he enlisted, was drafted  
or volunteered but she thinks he served as a volunteer, was mustered into service at the  
same place as before and was Stationed at Salisbury and was at the Battle of Cross Creek  
with the Tory Colonel McDaniel when he was taken. He entered the service again in  
1779 under Captain Hardin and was gone three months, was marched to the South and  
was in the Battle of Stones? He entered the Service again under Captain Porter or some  
other Captain and was First Sergeant. He had to weigh out the meat for his company and  
as she always heard him say was under great fatigue. Was at the Battle of Cowpens and  
Kings Mountain and returned home. Served three months this tour and was discharged,  
which discharge was lost with all the other discharged except the one hereto annexed  
while under Captain Hardin. She has heard him relate his being at the taking or  
dispersing a company of Tories under McGertey who was a Tory. She has seen the  
discharges that were lost but cannot describe more than her recollection that during these  
tours of Service he was at the Battle of Karnsans Mills and Stationed at Salisbury. She  
thinks he was often on the Catawba **her husband and father** had taken several guns and  
bayonets taken at Tarleton's defeat and after the war they made knives and forks out of  
the bayonets. She could tell many things more about the service but deems it  
unnecessary; her husband was out most of the time from 1777 to 1781, but she cannot  
recollect or describe but these four tours of service and will say that she is satisfied he  
served twelve months in four three months tours of service. And for this twelve months  
she claims a pension. So soon as he was done his just tour of service he started for the  
West and went round by Kentucky to Cumberland as Tennessee was then called; he

returned again in three or four years and affiant and said **Samuel McMurry** was married on the 7<sup>th</sup> day of July 1786 Seventeen hundred and eighty six by a Justice of the Peace by the name of John Flack in Rutherford County, North Carolina and shortly after they moved to Robertson County when they have lived ever since, but they lived at Kilgore's Station. The county was full of Indians and was then a wilderness. She has no documentary evidence in support of her claim and she does not know whether her husband ever got pay from North Carolina for his Services or not. She further declares that her husband died on the 19<sup>th</sup> day of September 1829 and that she had remained a widow ever since that period and that she has never made application for a Pension until now. She had a record of her children's ages in her bible but her oldest took it off with him to the South of Missouri and she \_\_\_ parts unknown. She further declared that she has no other means of identifying his service but will rely upon such proof that she can produce.

Sworn to and subscribed before me on the day and year first above written.

On this day personally appeared before me Madison C. Banks one of the acting Justices of the Peace in and for the county aforesaid **William Huddlestone**, a resident of the county of Robertson in the State of Tennessee, aged eighty two years, who being duly sworn according to law makes oath that he was well acquainted with **Samuel McMurry** in the War of the Revolution, who lived in Rutherford County, North Carolina and that he recolect very well that he served the following tours of service and that his first tour was under Capt. William Porter as a Militiaman Volunteer and that he was Stationed a while at McGaughery? Station in commencement of the year 1778, and was marched down the county after the Tories and was with the main body of the Army he believed at Cataba and Cross Creek. He was not with them and cannot particularly the different places he was stationed at. He was gone three months and returned home with Captain Porter. His next tour of service was under the same Captain, was stationed at Salisbury a long time, and was busy in guarding the British prisoners and keeping down the Tories. He was at the Battle he thinks at this time at a place called Kamsons Mills and dispersing the Tories under a Tory Captain called McGirty. They had some service this time and he returned home after serving three months. This next tour of service was under Captain Benjamin Hardin and served three months in the State of South Carolina, was at the Battle of Stone. This was in 1779, and he returned home. He enlisted again as well as he recollects under Captain Hardin and was at the Battle of Kings Mountain, but cannot say whether he was at the Battle of the Cowpens or not as he was not with him and he does not recollect when he returned home, whether he heard him speak about it or not. He thinks from the best of his recollection that twelve months in four three months tours would not be as much as he served, but he is certain of the services above detailed. He was out several other small trips of of service besides the foregoing, but they were short periods, some times twenty days and sometimes longer. After his service **Samuel McMurry** came to Cumberland as West Tennessee was then called, and stayed several years and returned and married his wife whose maiden name was **Elizabeth Huddlestone**, and as soon as they were married they then returned to Tennessee, where they have lived ever since. He recollects the marriage very well. They were married in July Seventeen hundred and eighty six, as well as he recollects it was about five or six years after the War and no longer. He served two of the above tours as orderly as first Seargant. He has been acquainted with them ever since, and knows they are the identical persons above described. **Mrs. McMurry** is affiants cousin

Madison C. Banks one of the acting Justices of Peace in and for the county aforesaid and  
made oath in due form of law that she is a cousin to **Mrs. Elizabeth McMurry**, widow  
of **Samuel McMurry**. That she was raised close by them in Rutherford County, North  
Carolina, that young as she was she well recollects the War of the Revolution and the  
troublesome times her father was shot by the Tories in his own yard and she has good  
reason to know something about the War. She states that **Samuel McMurry** served in  
the following tours of service: She recollects seeing him march off with Captain Porter  
his name was William Porter, he was a true whig and served under Captain Porter three  
months. She saw when he went out and when he and the rest of the company returned  
home. This was in the beginning of 1778 as well as she thinks they stayed but a little  
time when they were called out again as volunteers and went down to Cross Creek and  
had some hard fighting. Was stationed at Salisbury a long time and then returned home.  
He served this time three months under Captain Porter. He entered the service again in  
the Spring of 1779 under Captain Ben Hardin, was down in South Carolina and fought at  
the Battle of Stone and Hamptons barn. He served this tour three months. He entered  
again under Captain Hardin as a volunteer, was at the Battle of Kings Mountain and  
Cowpens or Tarleton's defeat. He was Orderly Sergeant this last trip. She often heard

him relate the task he had in weighing provisions and in procuring something to eat. He served this last time three months, making in all his service twelve months. He was out other short trips after the Tories but these were so frequent that she cannot undertake to describe them. She has a personal knowledge of their marriage as she and **Mrs. McMurry** were cousins. They were married on the Seventh day of July 1786 in Rutherford County, North Carolina by one John Flack a Justice of the Peace. She was present and saw **Samuel McMurry** and **Elizabeth Huddleston** married and formed as man and wife.

She has been acquainted with them ever since and knows them to be the same people and that **Samuel McMurry** died on the 19<sup>th</sup> day of September 1829. Sir,

Included please find the Claim of **Mrs. Elizabeth McMurry** widow of **Samuel McMurry** for a Pension. This claim is founded upon the proof of Service by good witnesses and an original discharge for three months which is the only one they could find among his old papers. **Samuel McMurry** died before any Pension law embracing his case was proffered and the widow did not know her rights and only applied at this late day. In regard to the marriage no record is in existance about his marriage or the ages of her children as stated in her Declaration but her marriage has been abundantly proven by the living witnesses whose character are above reproach. I will send to the County of Rutherford and see if the Marriage record is in existence in the clerks office and send it to you to be filed if not found a certificate of the clerk showing that such record does not exist. Will be furnished if possible. In presenting this claim I cannot recommend its allowance too much or too zealously as I have taken care to interrogate the witnesses and herself with all the precaution that you could if present. You will therefore file the Claim to be examined in turn and before that time comes I will find the fact whether the marriage record or bond exists in Rutherford County, North Carolina and send it to be filed if not found then I presume the testimony of witnesses are to be received. I know this claim from all the information before me is a just one and as such request that the same be allowed as soon as practicable.

On this day personally appeared **Elizabeth McMurry** Widow of **Samuel McMurry** a resident of the County and State aforesaid, aged about eighty seven years before me James Cook one of the acting Justice of the peace in and for said County who being duly sworn acording to law buys? leave to amend her Declaration heretofore made in order to obtain the benefits of the provisions made by the acts of Congress granting pensions to certain widows. That she is the widow of **Samuel McMurry** as heretofore state and was married in the year 1780 as before stated in Rutherford County, North Carolina.

That since making her first declaration and describing her husbands services under Captains Hardin and Porter, She recolects that he was out another tour of service perhaps

in the early part of his service. She is unable to know this service apart from what she has heretofore stated from a particular circumstance that happened in the neighborhood. There was a young lady whose brother was in the service with her husband that happened to a misfortune of being delivered of a child and this was the cause of a fight between the brother and another man previous to the time of going out on one of them bit the others ear off. The husband was not in the fight nor concurred in it but when they went in the service this was spoken of by the friend of the parties. She cannot say who was the officer he then served under. She will mention another circumstance. She has a bottle her husband got in one of the battles he carved his name upon the same, but this was not in the tour of service above spoken of. This child grew up and was from years ate (eight) or thereabouts at the close of his services. These circumstances were the circumstances often spoken of by her husband with many others. She could relate she is satisfied now upon thinking more about the service That her husband was out most of the time from the time the war broke out until ended. She is lately been informed that the rolls of her husbands services or the payments made to him by the State of North Carolina show services in the war of the Revolution for perhaps ninety two years, she therefore claims all the service performed by him as her right as she is fully satisfied there was no other man in Rutherford or any of the adjoining county in North Carolina who served in the War of the Revolution by the name of **Samuel McMurry**, but her husband. And this she is unable to know from being raised there and her husband to told her there was but himself by that name in all the armies he was acquainted with in North Carolina.

They were then living on the same place his widow now lives upon. They were then being together as man and wife and I have no doubt on information. I believe to be true they had been lawfully married in Rutherford County, North Carilina. At that time 1790 they had one son born whose name was **David** and my impresion is he was large enough to walk about. **Robert McMurry** was born afterward and is now present. There was a daughter born between the oldest and the youngest son whose name was **Elizabeth** and I have known them ever since the last mentioned period until **Samuel McMurry** died I never heard their marriage questioned. Sworn to before me and subscribers this 16<sup>th</sup> day of October 1854. Jesse B. White

**Robert McMurry** a son of **Samuel McMurry** and **Elizabeth** his wife a resident of Robertson County and State of Tennessee being duly sworn deposeth and says I was born on the 4<sup>th</sup> September 1794 agreeable to my father and mothers declaration made to me at as early a period of my youth and my recolection can serve me, say about ten years of age. I saw the record of my age kept by my father and wrote it down about thirtyfive years ago and kept it ever since and am now about sixty years of age. I am the youngest son of my father and mothers children. My oldest Brother was born about five years before I was. He was the oldest child. My father and mother always told me they were married in 1786 in Rutherford County, North Carolina and moved to this county in 1787 (scratched out) the same year after they were married and raised a crop at Kilgores Station and settled the place where he lived and died upon in 1787. I know the date because my father after I grew up and learned to read often showed my his name and the date he settled there on beech trees which he had carved there the year he settled the place and often afterwords refered me to them and I have know them ever since and they are to be seen at any time his name and date 1787 is now plain and legibel. I have examined them on this day and showed them to **Abraham Baldwin**. I also affixed the record of my age to this declaration which is genuine and make it part of this affidavit. In regard to his Revolutionary Services I state that he often told about them. He served

under Captains Porter and Hardin under General Butler, was at the Battle of Stone. **I have preserved a piece of brass which I made into a lamp** picked up by him on the battle ground said to be a piece of a carriage? of a Cannon. I cannot state how often he was out. I believe he was out at times for two or three years. I think he must have served more than twelve months. I have no testations?? in saying that he is the same **Samuel McMurry** whose name is born on the records of the Revolutionary service in North Carolina as he served in that state and was originally from the State of Pennsylvania and settled in Rutherford County before the Revolution and might have lived in some of the adjoining counties.

**Robert McMurry**

**Abraham Balwin** a resident of the said county and State aged about thirty seven years, Deposeth and says upon information which he believes to be true and which was communicated to him by persons who were disinterested more than ten years ago and before my thought was even entertained of presenting this that **Samuel McMurry** served in the war of the Revolution off and on for two or three years during the time of the War in North Carolina. I was also shown the metals?? of the name of **Samuel McMurry** on some beach trees the date is 1787 said to be and is the date **Samuel McMurry** settled the place whereon his widow now lives. I am satisfied he must have served two years or thereabouts.

Sir,

I have examined the case of **Elizabeth McMurray**, widow of **Samuel**, of Tennessee, in connection with the certificate of the Comptroller of North Carolina. Her husband is not sufficiently identified with the soldier who received the Indents as certified in the certificate. One payment was taken up by the Sheriff of Rutherford Co and paid into the Treasury in part of his taxes. It should be shown in what year this was done, and it would be well if it could be shown when all the payments were made. The date of the marriage must be proved by witnesses who can show how they are enabled to fix the time. It is not sufficient that witensses say the marriage took place in 1786, without adding any reasons for their ability to recollect so accurately the very day on which it occurered.

Sir,

In the case of **Elizabeth McMurry** widow of **Samuel**, I herewith file the Comptroller Certificate of North Carolina and the certificate of the clerk of the Court of Rutherford County where they lived at the time of the Revolutionary War, showing that the record of marriage does not exist in said office. The marriage is amply and as we conclud [sic: conclude] satisfactorily proven by living witnesses who were known to the marriage. The payments made to **Samuel McMurry** were made to him from the Rutherford County District and one of them taken up by the Sheriff of Rutherford for **McMurrys** taxes which was customary. This identifies him to be the same man. The case is now made out and I hope you will find no objections to allow the pension be pleased to give her what is due for husband. Services. I need not dwell on the facts in the case as they are fine and all before you. We therefore expect a certificate for the amount of services Shown by the proof

Respectfully

Sir,

Inclosed you will find the power of attorney of **Mrs. Elizabeth McMurry** widow of **Samuel McMurry** of Robertson County Tennessee duly executed according to law revoking all powers of attorney heretofore made to others and placing the right to prosecute the claim back into my hands who first undertook the Claim for her. This was done without hesitation when she saw me; and her friends & she told me she was

induced?? to give the powers of attorney to Donoho & McGill and Smith and perhaps others upon false representations that I was not attending to the business, and perhaps was dead. I did not know of this until my recent visit to Washinton and on my return home took the earliest opportunity possible to see her and friends when the whole matter was unduston?? and that I had done all the labour and Jurying?? in the case. She promptly replaced the business back into my hands which you will see by the enclosed power of attorney. You will thereofe se that my name is marked upon papers and registers as the last as well as the first and oly Attorney authorized to prosecute the claim and write me in reply to this letter of the reception of this power of attorney and the due notes of this letter.

Respectfully

Sir,

Included please find the certificate of Judge Pepper in the case of **Elizabeth McMurry** widow of **Samuel McMurry** for Pension under Act July 7<sup>th</sup> 1838 and all the subsequent acts enhancing her case. In your report of the 1<sup>st</sup> August last there were but two natural?? facts wanting to satisfy the Department. The first was sufficient identity and the next was for witnesses to give the fact to show how they were enabled to fix the exact time to a day. By going to the farm on which **Samuel McMurry** first settled and lived and died upon I am fully enabled to show a volume of proof if necessary that he carved his name on the smooth beach trees on the very year he settled the place "**1787**" a year previous they were married in North Carolina and came to Kilgores Station and raised a crop in that year. The witnesses who testified in the case in the first instance which were **Hudleston** and **Coker** are both dead, but I am informed that **Hudelstone** had writing in his possession of his fathers which was wrote on the very day **McMurry** was married hence the exactness of the computation of time. I suppose however you or the Government does not require the exact computation as if she was married in 1786 or 1787. She would have to 1794 to come under the act of 7<sup>th</sup> July 1838 so that the certificate of the Judge being the highest tribunal of the State except the Court of Errors and Appeals will be taken as true and satisfactory. I also append the statements of the witnesses. Unless the date of marriage ran near 1794, the exactness of the very day on which she was married would not be required as if we were Allowance?? makers. It is sufficient to show in ordinary cases that she was married beyond doubt previous to 1794. The Judge was raised in the neighborhood and well knew the character of the witnesses. Also well knew the character that **Samuel McMurry** bore as a soldier of the Revolution and he expressed his surprise to me that he had long \_\_\_tained that the claim was never prosecuted before it was. His own knowledge of thie facts gave him great af\_\_\_ance in the case hence his witnesses to certify as he has done in the most conclusive manner his opinion. That he was the identical **Samuel McMurry** whose name is mentioned in the Comptrollers Certificate which I laid before him in order that he might Judiciously

investigate the matter and things and fully understand them. I also append the ammended subsc\_\_tion of **Mrs. McMurry** claiming the full amount of servcies her performed and mention in the Comptrollers Certificate. We are fully authorized to do this under the rules of Chancery proceeding when newly discovered proof is found out and also when recollections come into the mind of the complainant not before stated. I also send you your own reoprt of the 1<sup>st</sup> August 1854 so that no mistake may be made by the examiner which I find nexessary from the numerous mistakes made while I was at Washington in August last all of which I am satisfied is not now necessary to call your attention in this case. Upon the whole I am fully satisfied the case is now faily and fully made out and the Department will be fully authorised and justified in allowing the claim to the full extent of the Services mentioned in the Comptrollers Certificate. Be pleased to examine the claim without delay and forward her Pension certicate accordingly at as early a day as may suit your convinces.

Respectfully,  
A. Fergusone

Whereas I have first made a power of attorney to Adam Fergusson of Carthage Tennessee authorising him to prosecute my claim to a pension and afterwards, I was persuaded to make a power of attorney to one Donoho & McGill revoking the first and afterwards execute another power of attorney to Wm. H. Smith of Nashville Tennessee and may have made other powers of attorney and I being satisfied that the said Fergusson has been at considerable expense and labor in preparing the papers in support of my claim. Now know all men by these presents that **I Elizabeth McMurry** widow of **Samuel McMurry** directed/deceased do hereby nominate and appoint the same Adam Fergusson to be my true and lawful attorney in fact for me and in my name, as first empowered to prosecute my claim to a pension. And to do and perform in my name any act or acts thing or things necessary to establish my claim. Agreeable to law and the rules of the pension office at Washington City. Hereby revoking and making void all and ever other power or powers of attorney heretofore made to any other person or persons whatever, except the said Fergusson, and make and execute this my power of attorney irrevokable which is to be final.
