It is hereby certified that Briant Slone a Private in the Company of Captain George Slaughter in the virginia Regiment of the United States commanded by Colonel Peter Muhlenburg is rendered incapable of performing the duty of a Soldier by reason of wounds or other injuries inflicted while he was actually in the Service aforesaid and in the line of his duty viz't

By satisfactory evidence and accurate examination it appears that on the twenty eighth day of June in the year one thousand seven hundred and seventy six, being engaged with the British Army in the War of the Revolution, at or near a place called Fort Moultrie on Sullivan's Island near Charleston in the District or Territory of South Carolina, (now the State of South Carolina) he received a wound in his left hand from a leaden bullitt as is supposed, discharged from a muskett or Rifle, and he is hereby not only incapacitated from military duty but in the opinion of the undersigned is One half disabled from obtaining his subsistence from manual labour.

It is further certified that the said Briant Slone was disabled in September in the year one thousand eight hundred and thirty one, that fact having been proven to my satisfaction by the oaths of Lewis Slone and Raphael Lancaster who are men of standing and respectability, and entitled to credit when on oath, and who at the same time testified that they were well acquainted with the said Briant Slone, at that period vizt. in September 1831 and long prior thereto and ever since up to the present day and that the disability arising from the wound as before described and set forth is of permanent and lasting character.
