[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call errors or omissions to my attention.]

State of Virginia Mason County: 2 with

On this 3rd day of December in the year of our Lord Christ 1832 Personally appeared in open Court before the County Court of Mason now sitting Thomas Waddle – a resident of the County of Mason – on the bank of the Ohio River – and Commonwealth of Virginia – aged seventy-three years last August who being first duly sworn according to law doth on his corporal oath make the following declaration in order to obtain the benefit of the Act of Congress passed June the 7th 1832.

He was born in Augusta County Virginia in August A.D. 1759 and in December A.D. 1780 he was drafted in the autumn of that year to serve a tour of militia duty and marched under Captain Patterson to join the Army under General McIntosh but before he joined the main Army his father followed the Company and substituted one __ Smith in his place and took him home again. Smith it is confidently believed honestly served a tour of duty and returned again to Augusta. After his return home to Augusta County Virginia and in December of the year A.D. 1780, he was again drafted and marched under the command of the former Captain Patterson and was ordered to Richmond and on the road the orders were changed from Richmond to Fredericksburg and again the orders were changed and the Company crossed the James River at Sandy Point and was marched to Portsmouth Virginia and Camp Carson at which places alternately he would pass the winter. Colonel Mathews and Colonel Bowers were the Superior officers and it is believed the whole was under the command of General Muhlenberg [Peter Muhlenberg] – he was discharged in March following and returned to Augusta County again about the 20th of April A.D. 1781 at Augusta he was drafted and marched under the command of Captain Jno. Dickey [John Dickey] as a Sergeant near to Williamsburg and joined the Army and was attached to General Campbell's Command – served a three month tour of Duty and was discharged – and returned again to Augusta – he has no documentary Evidence whatever – his written discharge was blurred with another individual the name of McComb and by the said McComb retained – he knows of no Person whatever whose testimony he can procure who can testify to his services except Peter Peck Sen. of the County of Mason & born [?] of Va he hereby relinquishes every claim whatever to a pension or annuity except the present and declares that his name is not on the pension roll of the agency of any State whatever.
Sworn to and subscribed the day and year aforesaid.

Virginia Mason County: to wit

Personally appeared before me the subscriber one of the Commonwealth Justices of the peace in and for the County aforesaid the within named Thomas Waddle who being duly sworn deposeth and saith that by reason of old age and the consequent loss of memory he cannot swear positively as to the particular days that he entered and left the service in the different tours of duty mentioned in the within declaration. But according to the best of his recollection he served as follows viz. His first tour of duty detailed in the within declaration in which Smith was substituted as is before set forth the draft was for three months he is positive and thinks that the troops marched on that occasion about the last of September or the first of October 1780. The balance of the particulars in relation to that tour of service is detailed as particularly in the declaration as this affiant's memory will permit.

His second Tour of duty as detailed in the within declaration he believes commenced on the 23rd day of December 1780 and ended on the 23rd of March 1781. He is led to the belief from the fact that he well recollects viz. That he reached home from Portsmouth where he was discharged on the 10th day of April 1781.

His 3rd tour of duty he well recollects commenced on the 20th day of April 1781 and he is positive that he was discharged in August following this tour was wholly performed as and in the capacity of a Sergeant but this affiant is in position that he served not less than 3 months as a private in proper person – not less than 3 months as a Sergeant and it is believed his substitute Smith also served not less than 3 months as a private – and if so he would have served 9 months in all – 3 of which as a Sergeant and 6 of which as a private and for such service he claims a pension.

Sworn and subscribed to before me the 8th day of August 1833
