[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention.]

State of Tennessee County of Jefferson: SS July 1833

On this 6<sup>th</sup> day of July personally appeared before me John Hodges a Justice of the Peace of Jefferson County, James Anderson, a resident in the County of Jefferson and State of Tennessee, aged Seventy Three years, who being first duly sworn according to law doth on his oath make the following declaration in order to obtain the benefit of the act of Congress passed June 7, 1832. That the Declarant James Anderson was born in North Carolina on Tar River. The day and year of his birth he does not know, never having had a record of his age, but judging from his age, when he was drafted, and the year as he believes in which he served in the Revolutionary War, he reckons his birth to have taken place in the year 1760. At four years of age, he moved with his father to Cape Fear River, North Carolina, just below the big falls, in the upper part of Cumberland County. This Declarant was living on Cape Fear River when he was drafted at eighteen years of age. At the house of one Slade, Christian name not recollected, the Declarant was drafted by Captain Robin Cobb for a tour of Six months. He was drafted in the fall of the year 1778 the day & month not recollected; the men that were drafted at this time were or directed to rendezvous at Fayetteville and report themselves to Major Mathews. In conformity with this order be Declarant went to Fayetteville and reported to Major Mathews who assigned him to Captain Obadiah Roundtree's Company of infantry of which M. White was the Lieutenant. The names of the other Officers and Sergeants are not recollected. Captain Roundtree's Company were immediately marched by him from Fayetteville to the Savannah River, to join General Lincoln [Benjamin Lincoln], who had a considerable force under him on that River. The declarant has forgotten the names of some of the water courses which he crossed on this march; The following are such as he now recollects – first Drowning Creek, 2<sup>nd</sup> Pedee River – passed through Camden, crossed the Santee – then the Congaree, passed through Orangeburg, then crossed the Edisto, then marched to the White houses one mile from Savannah now. At the White houses General Lincoln was encamped with about fifteen thousand men. Captain Roundtree's Company and another Company were stationed on the road leading from Augusta to Charleston one half mile from the main body of the Army. Major Lewis commanded these two companies. Our company, being thus removed from the main body of the Army, the declarant did not know any of the Colonels and Majors of the regular troops, of which there were some, and the names of those whom he heard spoken of occasionally he has forgotten. Every twenty-four hours five hundred men were marched out on the main road leading from Charleston to Augusta. At the expiration of the time for which our company was drafted in the first of June

<sup>1</sup> The documents relating to this veteran are erroneously filed in the same folder with James Anderson S1786 as posted on Fold3.com. this veteran's papers begin at page 21 of that file.

Captain Roundtree marched back his company and this Declarant was discharged by his Captain just above Fayetteville making a service of Six months from the time he was drafted until he was discharged. This Declarant has no documentary evidence in regard to his services nor does he know of any person from whom he could procure the testimony as to his service. The declarant, James Anderson, hereby relinquishes every claim whatever to a pension or annuity except the present, and declares that his name is not on the pension roll of the agency of any State. He never received any compensation for his services whatever: He has lost his discharge. When he was discharged by his Captain, he authorized the Captain to draw whatever was coming to him. The Declarant never received anything from the Captain – and if his Father did, he is not aware of it.
