[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

State of Tennessee

Personally appeared before me Alfred M. Harris one of the Circuit Judges in and for the State of Tennessee, the undersigned Daniel Clower a citizen of this state of Tennessee, & resident in Giles County, who upon oath by me administered makes the following declaration for the purpose of obtaining a pension agreeably to a late act of Congress – viz.

That sometime in the year 1781, in the County of Orange & State of North Carolina he enlisted as a private Soldier on the Continental establishment for the term of twelve months against the common enemy Great Britain in a company commanded by Captain Mills (Christian name not recollected) [John Mills] and in a Regiment commanded by Colonel Archibald Lytle = That he served during the revolutionary war against the common enemy in pursuance of his enlistment as before mentioned until the end of the war when he was honorably discharged by Major Doherty [George Dougherty] which he has lost – That the reason why he served till the end of the war is that before the expiration of his first enlistment, he enlisted under the above named Captain to serve during the war, though it appears from a letter from the Secretary of State of the state of North Carolina (herewith enclosed) that the Rolls show he enlisted only for 12 months – which mistake your petitioner can only account for by supposing that this first enlistment was alone returned. He was in no battles – there are no persons convenient by whom he can prove his said service; but if the evidence transmitted is not sufficient, he can procure with some labor, more – He is now in the fifty ninth year of his age & has a family to support without land of his own or slaves or any other means of support except by his own labour and that of one of his little sons – He believes that he is in indigent circumstances & stands in need of assistance of his country for a support. He never has received a pension from his government and prays to be placed on the pension list. He hereby release all pensions by the laws of the United States heretofore granted him except the one hereby demanded. – 6th September 1819
