[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

Personally came Major Thomas Young & Major Joseph McJunkin Before me Daniel Wallace a Justice of the Peace in & for the District aforesaid & being duly sworn on the Holy Evangelist of Almighty God, they depose & say that they have been acquainted with Christopher Brandon of the said District from his earliest childhood embracing a period of about seventy years. These deponents state unequivocally that the said Christopher Brandon entered as a volunteer into the service of the United States in the Month of May or June 1780 & continued in the service of the said United States without intermission in one continued Tour of duty until the middle or latter part of the year 1782. These deponents state that they with the said Christopher Brandon were all engaged in the Battle of the Cowpens on the 17th day of January 1781, when the above named deponents Thomas Young was Badly wounded & taken prisoner by the British Troops under the command of Col. Tarleton [Banastre Tarleton]. These deponents further state that they were in company with the said Brandon at several other hard contested fields during the time above mentioned. That they know he never left the service of the United States during the time above mentioned & that the said Brandon was a Brave & Vigilant Soldier. There deponents further say that during the time above mentioned they had no home but the camp & tented field & that active duty never ceased on their part during which time the said Christopher Brandon was with them or his movements within their knowledge.

These deponents further state that the said Brandon was under the Command of Capt. Jolly first, that the said Jolly was promoted to the Rank of Major some time after the Battle of the Cowpens & Joseph Hughes then took command of the same troop or company which had before been commanded by the said Capt. Jolly & from this circumstance, the certificate from the comptroller General's office of this state herewith forwarded & dated at Columbia the 26th July 1836, takes the form it does. Each commander of the said company having made return of the time the said Brandon served under him. These deponents further state that about the middle of September 1781, the said Captain Joseph Hughes (shortly after the Battle of Eutaw was detached on a tour of duty in the Low Country & that the said Christopher Brandon was no longer under his command but still continued in the service of the United States. These remarks are made by the deponents to account for the form of the said Certificate from the Comptroller General's Office from which it might be inferred that the services of the said Brandon ceased on the 15th of September 1781. At the time the Certificate of Capt. Hughes is dated which they state unequivocally was not the case. But that the continued in active service long afterwards as before stated under the command most of the time of Lieutenant Colonel William Farr.

The deponents repeat that the said Brandon never left the service after he entered it until peace was made & in fact in some cases afterwards when expeditions had to be made against the Tories some time after peace was made. Why it is that the said Colonel William Farr made no

return of the duty rendered by the said Christopher Brandon while under his command, these deponents know not. But that the said Brandon continued in the service long after the time mentioned or that appears by the said Certificate from the Comptroller General's office, we most positively aver. And further these deponents saith not.
