South Carolina Audited Accounts¹ relating to John Dougharty [Dougherty] SC2420 AA8
Audited Account Microfilm file No. 1997

Transcribed by Will Graves

[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indcipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

² I doubt this is the actual signature of the veteran since the handwriting is identical to the balance of the document and it is unlikely that the veteran would have written his own order.

[Transcribers note: I cannot make sense of the documents relating to Indent No. 79 Book Y as the indent appears to have been issued to the estate of someone named John Dougherty in 1785 whereas the order directing the commissioners to pay James Craig purports to have been acknowledged by someone of the same or similar name in February 1794. Whether or not the 2 Indents transcribed above relate to the same veteran is not clear.]

A handwritten signature in cursive script, reading "John Dougherty". The signature is written in dark ink on a light background. The word "John" is written in a large, bold, cursive font, and "Dougherty" is written in a smaller, more fluid cursive font. The signature is positioned below a horizontal line.
