[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

Sir/

Pardon me for taking the liberty of troubling you with a favor I have to request, the nature of it at first may appear in a speculative manner, but can assure you I am chiefly Actuated from principal [sic] of Equity. I have rec'd Power of Attorney for Mr. Geo. Jones bearing date the 18th February 1791 in order to recover his Indent, was said to be drawn by one Degrasfton Reed [sic, DeGraffenreidt], but have heard that one Cantwell drew it which if either it must be Drawn on a forged order, as this poor man has made oath he never has given any Authority to draw it and since I have the power have asked Col. Brandon respecting this man, who says that he knew Jones's handwriting and he served in Capt. Geo. Every's [sic Capt. George Aubrey's] Company and that there was no other of that name in his Regiment. I shall consider myself under a very particular obligation If you will send me a Certificate who Drew it and a Copy of the order, the witness's names and the Magistrate in order that I may find out these ingenious Indent drawers that I may plead against them agreeable to law – This Jones is a poor man and lives 50 or 60 miles back in Georgia who situation in life prevents him from obtaining Justice himself which is the case with many unhappy or unfortunately real owners of Indents

I have the honor to be

with every degree of respect

Your very Humble Servant
