[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

Sir Tygar [Tyger] River the 19th September 1785

In respect to my Accounts which I took out of your Office in order to get certified, after applying to Col. Thomas [probably Lt. Col. John Thomas Jr.] for an Assertion I could not get it done, for at the time of my Acting upon the Line he was in the Camps and therefore a stranger to my proceedings, but Col. Wafford [sic, William Wofford] who was then in command and present at the time of my appointment is now living in No. Carolina and not in my power to go to for a certificate; therefore for your further Satisfaction I send you my Orders from under the hand of Robert McWhorter, who had his Orders from Capt. Moore [James Moore] likewise Capt. Moore's own Letters respecting the Beeves, and for my own wages during the time of my providing the said Beeves there is no person can certify, as Capt. Moore is not in being and none of our Officers is acquainted with our connections.

I must further Acquaint you Sir that the Assumption from under Capt. Moore's own hand dated the 3rd of December 1779 was contracted within the dates of the waggoning that is from the 1st of May 1779 to the 31st of August, therefore I expect the depreciation to take place at that time, otherwise I shall be a great loser and it will be likewise very unjust, seeing my Account was not returned to Capt. Moore till the date of the Assumption, though it was contracted on a much earlier date, therefore Sir – you must do as you see course in the matter, but I expect to have equity done me, as Capt. Moore the only person who could certify for me is dead, therefore it now lives in your breast, so I remained Sir

Your most Obedient

&

39 Sept. 1785

very humble Servant
S/ Nevil Wayland
