[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indcipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

To the Honorable the President & Senate of the State of South Carolina in General Assembly met

The humble petition of George Black
Sheweth

That whereas, your petitioner in the late Revolutionary war [paper damaged and text missing] took a faithful part in the defense of his Country [paper damaged and text missing] establishment of our freedom and independence; That [paper damaged and text missing] performed the duties of a Soldier and contributed in a variety of articles and extra Services for the benefit and support of the Troops, as will appear by the certificate herein enclosed and certified by the Command of Colonel William Bratton, then an officer in the [word too faint to discern] Service.

That Colonel Bratton through mistake certified for only £7.5.6 ½ which was drawn by your petitioner, but that afterwards appreciating his mistake and also being apprised thereof by the advice of John Lewis Gervais a Commissioner for the adjustment of military claims, certified fully for the said services done by your petitioner. In consequence of this your petitioner was

encouraged to lay in his claim before the Session of ___ as he hopes does appear on the records of that session, to the balance of the money due for his aforesaid services. This certificate, Captain James Martin, a member from York County, laid before the House of Representatives, and which passed the sanction of that House, but in the tumult of business or from other cause unknown to your petitioner it was never brought forward into the Senate. That the certificate, in passing, through the hands of Captain Martin became blended with his other papers, a mistake, of which, he seems to have been totally unapprised. In the meantime, every effort has been made by your petitioner to reclaim said certificate, and unfortunately at length it was found by Captain Martin in a reexamination of his papers.

Your petitioner laboring under these hardships and in this peculiar situation, therefore once more lays his humble petition before your Honorable Body and prays you will take his case into your humane consideration, and grant him the residue as it appears in the certificate, as a fair compensation: and your petitioner as in duty bound will pray &c
