[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indcipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

[p 10: Form of Indent No. 2452 Book X dated April 20th, 1786 delivered to Mr. William Bond “for the Sum of Three Pounds one Shilling and five Pence Sterling for Duty done in Col. Waters’s [Philemon Waters’] Regiment as pr. Account Audited.]

[p 11: reverse of the above indent bearing signatures of John Cunningham, John Lindsey, Richard Speake and William Bond.

A handwritten signature in cursive script that reads "William Bond". The ink is dark and the handwriting is fluid, with a large, looping initial 'W'.

How Cunningham, Lindsey and Speake obtained any interest in the Indent is not clear.]
