South Carolina Audited Accounts¹ relating to Andrew Williamson SC71 AA31

Audited Account Microfilm file No. 8581

Transcribed by Will Graves with substantial aid from C. Leon Harris 1/9/18 rev'd 5/17/23

[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

To the Senate

Petition to relieve Andrew Williamson Estate from Amercmt. [Amercement]

No date

[Note: The links to signers of the following petition should be taken as being our best guess as to the man who signed the petition, but should not be taken as definitive. In those instances in which we have added doubt as to the link, we have indicated that the man identify 'may be the same man as....']

To the Honorable Daniel DeSaussure Esqr. President and members of the honorable the Senate of the State of South Carolina

The humble Petition of a number of officers and Soldiers who served under General Andrew Williamson from the year 1775 until the year 1779 and others freeholders and inhabitants of the District of Ninety Six

Sheweth

That many of your Petitioners served under and were acquainted with General Andrew Williamson in his life time and that his conduct towards them both as a Citizen and Soldier claimes their warmest respect and regard. That they understand his Estate is incumbered with a large and heavy debt, and at the same time subject to an amercement of twelve percent imposed by the Legislature soon after the close of the War: –

That your Petitioners take the liberty of suggesting to your honorable House that it is their opinion as the Genl. is dead that the recollection of a political error ought not to be retained to the prejudice of his innocent Children & they conceive that both justice and humanity dictate a repeal of the Amercement.

Your Petitioners therefore pray your Honorable House that the Petition from the Children of Genl. Williamson for the above purpose may be taken into serious consideration, and they

humbly beg and trust that his Estate will be totally freed & cleared from the said Amercement & your Petitioners will pray &c.
