[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

Your Petitioner begs leave to observe that he has been informed that provision has been made by Several laws of this State for the Support of men in his Situation, but by reason of the Obscurity of his Situation and the difficulty of procuring money for defraying his expenses, to

the Seat of Government, his applications have been all fruitless; Some trifling want of form in his Vouchers have defeated his hopes for relief, after several painful & expensive Journeys in pursuit of Justice.

Unacquainted as men in his Situation must be with the precise forms required by Laws so intricate he can scarcely flatter himself with a hope that he shall ever be Sufficiently informed to procure such Vouchers as will Satisfied the Office entrusted with the payment. But feeling as he does the Justice of his claim & pressed by the most painful necessity, he flatters himself that while he holds to the View of his representatives the Mutilated fraim [frame] of a Soldier, who Spent his Best days & Spelt his best blood in the Service of his Country, while he presents an arm once employed with effect to [indecipherable word] that [indecipherable word] which authorizes Your deliberations as Legislators, that the Voice of Truth & Justice will be attentively listened to & that they will do unto him that Justice which in their wisdom shall seem meet, he therefore humbly, but in the [indecipherable word] tone of a Soldier, prays that such relief as may be granted him, the placed in that plain & simple train for recovery as will Effectively answer the end proposed & your Petitioner as in duty bound will ever pray

I do hereby Certify that James Brewer was a Soldier in a Regiment of South Carolina State Dragoons which I had the Honor to Command in the Late Revolution War, that in the Action of the 8th September 1781 at the Eutaw Springs, he received Several bad wounds one of which was in the right arm, which has rendered that limb useless and altogether have rendered him unequal to the Support of himself & family by his Personal Labor, on which alone he has to depend. He is therefore entitled to the pension allowed to invalids & the more so as he is a sober honest man.

Given under my hand this 16th September 1794
