[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

State of Tennessee Robertson County: November Term of the court of Pleas and Quarter Sessions in and for said County

On this 15th day of November 1832 personally appeared in Open Court before the worshipful County Court in & for said County of Robertson & State of Tennessee now in Session, Charles McIntosh a resident of the County of Robertson & State of Tennessee, aged 72 or 3 years of which I have no record, but once (spelled onst) had and the same was burnt up in a house which I had burnt down in which me and my family resided, and I was born in Culpeper County in the State of Virginia in the year 1759 or 1760, who having first duly Sworn according to law doth on his oath make the following declaration in order to obtain the benefit of the act of Congress passed June 7th, 1832.

That he entered the Service of the United States under the following named officers and served in the service of the United States Army as hereinafter stated. The first Tower [sic, Tour] I took I volunteered for the three months, but under what Capt. I do not now recollect, commanded by Major Ramsey & Col. William Moore and General Rutherford [Griffith Rutherford], I at that time lived in Caswell County State of North Carolina which was a month or so before Corn Wallace [sic, Cornwallis] took Charlestown [Charleston South Carolina fell to the British on May 12, 1780], -- which I believe was in 1780. I was marched to the Catawba River near the head of it was in no engagement served out my Tour and got a discharge, -- which has been burnt also in my house. This Second Tour I served I was drafted for the Term of three months in the North Carolina Militia, I was still a citizen of Caswell County in the State of North Carolina, which was soon after Cornwallis took Charlestown, but what year from infirmity and also age I am unable to say. I was drafted but under which Capt. I do not recollect, but I was under the command of Major Sharp, Col. Farmer [Lieutenant Colonel Thomas Farmer] & General Davidson [William Lee Davidson]. I was again marched to the Catawba River and there we met with Cornwallis, at Cowan's Ford¹ across the Catawba, had an engagement with them in which we were defeated General Davidson was killed in the commencement of the Battle. We were ordered to retreat, which was done about 5 miles from the Battle ground and there we had another small engagement with Tarleton and his light infantry which was near the widow Ternings [sic, Tarrant's Tavern or Torrence's Tavern]², where we he was again defeated, nothing

¹ This engagement occurred on February 1, 1781. <http://gaz.jrshelby.com/cowansfd.htm> & http://www.carolana.com/NC/Revolution/revolution_cowans_ford.html

² February 2, 1781. The historical marker there reads: "Torrence's Tavern British cavalry led by Colonel Tarleton

being particular transpired in said last engagement, we were then marched to the Adkin River [sic, Yadkin River] in the State of North Carolina, but through what Counties we were marched at any time I am unable to say at the Yadkin we had another engagement with Col. Tarleton and his light infantry, and we were again defeated -- without any thing remarkable occurring, we were from thence marched to Hillsboro in said State but through what Counties I am unable to say & there we received a discharge having served out the three months.

The next Tour I served I volunteered myself for no particular time, I was still a resident of Caswell County State of North Carolina and in which Tour I served three months but what year I am from old age and infirmity of mind and Body unable to say with any certainty of my own knowledge, but all the Tours (except first which was just before the taking of Charlestown by Col. Tarleton [sic]) were served one after the other immediately and probable the whole was in the same year that Charlestown was taken by Cornwallis but I cannot speak positively as to that, I was in my last Tour under the command of Capt. Robert Parks, Lieut. James Curry, Col. Murphy; and General Morgain [sic, Morgan?], I was in one battle during that Tour, at Ready fork [sic, Reedy Fork?] of Haw River near Whitsill's Mill [sic, Weitzell's Mill]³, nothing particular transpired during the Battle we were marched through several parts of the State in pursuit of the Tories, but through what parts of the state or through what Counties I am unable to say. The different months in which I volunteered myself and was drafted into the service I cannot pretend to say. I received discharges for my several tours, but have unfortunately lost all them by fire, at the time as I have before stated when my house was burned down. I resided in Caswell County something like 10 or 12 years after I left the service, I then moved to the State of Tennessee Robertson County where I have resided ever since and where I still reside, which I supposed to be something like 40 years. I was born as before stated in Culpeper County State of Virginia. In the year I suppose of 1759 or 1760 from the recollection of my age, I have no record of my age at this time, but had it at one time, from the record of my father's account of my age, but it was burned up in my house, I have no recollection of any of the Continental or militia regiments with whom I served in any of my Tours, and the general circumstances of my service as well as old age and infirmity will accredit of I have given, I have no positive Testimony that I know of, to prove my service by in the manner and form a printed out in this declaration I have a brother, Nimrod McIntosh, whose certificate is hereto annexed knew of my being in the service of the United States in the Revolution, but he does not know under whom I served nor how long I was in the service. I am well acquainted with John Hutchison Esquire, Joseph Johnson, Samuel Crockett, Matthew Powell Esquire and many others which might be named if deemed necessary in my neighborhood.

He hereby relinquishes every claim whatever to a pension or annuity except the present and declares that his name is not on the pension roll of the agency of any State. I was acquainted with General Morgain and General Greene of the United States Army.
