[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

State of North Carolina Rutherford County} SS

On this 11th day of November 1845 personally appeared before the Court of Pleas and Quarter Sessions in and for the County aforesaid (now sitting in Rutherford) Elizabeth Lewis a resident of said County aged Seventy five years who being first duly sworn according to law, doth on her oath make the following Declaration in order to obtain the benefit of the provisions of the Act of Congress passed July 7th 1838. -- Entitled an act granting half pay and Pensions to certain Widows.

That she is the widow of Charles Lewis who was a soldier in the Army of the Revolution and who served as herein stated.

He entered the service of the United States sometime in the year 1778 under one Captain Hogg [Thomas Hogg] she thinks for a tour of nine months which time he served out he was a resident of what is now Rutherford County at the time he entered the service, whether it was then Rutherford County or Tryon, she cannot state as Rutherford County was erected not far from that time, soon after his said tour of nine months was out, he again either volunteered or was drafted into the service for how long and under what officers she does not recollect though she has no doubt she has often heard him say she has often heard him speak of his services in the Revolution, and of the different Officers under whom he served, the different tours and the officers under whose command he served each different Tour she cannot state though she has heard him say That he was in the service very nearly all the time after his first entering the service as before stated until Hostilities began to abate & the war began to draw to a Close, and that he was first Sergeant in the Company to which he belonged a good portion of the time. She recollects to have heard him say that he was under command of Captain Robert Gilkey some part of the time he was also under command of Captain John McLane [John McClain?] another portion of the time. His field of Officers was Colonel Andrew Hampton Colonel Frederick Hamwrite [sic, Frederick Hambright] and General Benjamin Lincoln she has heard him Charles Lewis her husband speak of all those names as his commanders.

Further particulars of his service she cannot give as her husband has been dead many years, and she never expected until very recently to have occasion to recollect those facts on hearing them spoken of never charged her memory with them and of course can have but a very indistinct recollection of them.

She further declares that she was married to the said Charles Lewis in Rutherford County North Carolina on the 26th day of November 1785 and that her Husband the aforesaid Charles

Lewis died in the said County of Rutherford on the 13th day of December 1833. That she was not married to him prior to his leaving the service, but the marriage took place prior to the first day of January 1794. That is at the time above stated. She further declares that she hopes to obtain upon this Declaration the arrearage of Pension which accrued to her said husband and the aforesaid Charles Lewis under the act of Congress passed 7th of June 1832 from the 4th of March 1831, up to the 13th day of December 1833, the time of his death as above stated.

She further declares that the reason she has not applied for a pension before this time is, that she did not know until some five or six months ago that she was entitled to a pension, she had heard something said about Widows drawing pensions but did not suppose that she was one of that class of widows who were entitled to draw. She further states that she has a record of the ages of herself & husband together with their marriage and the ages of their children a copy of which is herewith sent and which is a true copy of the original Record, which was in the hand writing of her Husband the said Charles Lewis. The Record of his death being added in since his decease the Reason she has this Copy is that the Original Record was Torn from her Bible & torn to mash by an Insane son of hers that she gathered up the pieces & placed them together carefully and had it copied after which the old pieces were thrown away.

Charles Lewis was appointed by Captain John McLeain first Sergeant in our company.
