NOTES:

Blevins's pension certificate for 16 months service indicates that he was living in Morgan County KY.

The name of the general who rescued Blevins has been read as Marion:

No General Marion was present in southwestern Virginia. Gen. Francis Marion did, however, rescue prisoners at a tavern called the Blue House, but that was near Charleston SC and in the fall of 1780 rather than in the spring of 1776. It is scarcely likely that Blevins's captors would have carried him that far and that he could have returned within three months. Possibly the general was Joseph Martin. However, other elements of the story seem unlikely. French generally did not cooperate with their bitter enemies, the British, and houses on the frontier of Virginia were generally made of logs and seldom painted.

On 5 Feb 1851 Hannah O. Blevins, 93, of Lawrence County KY, applied for a pension stating that she married James Blevins on 4 Jan 1793, and he died in Lawrence County on 28 Nov 1843. On 27 March 1856 she applied for bounty land. On 14 May 1855 she applied again for bounty land, when she was said to be 95 years old.
