Pension application of Notly Masters ¹ W5365 Mary Masters f84SC

[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

stating that she is the daughter and heir of Mary Masters (widow of Notly Masters); that her mother died in Milton County Georgia at the residence of Joseph W. Drennan on the 11th day of June 1865; that her mother's children were by the names of William Masters, James Masters, Zackias Masters and Charlotte Drennan, only surviving children -- that William, James and Zackias Masters did take up arms and aided in the late rebellion but that claimant was loyal to the US government and seeks restoration to the pension list.

[Facts in file: Veteran and his wife had a daughter named Patsy who was born in 1794 according to Rachel Anderson (p 33); in addition they had children named Charlotte, Martha [could be the same as Patsy?] and Washington, according to John Anderson, 84, of Pickens District SC. The Reverend Edward Hembree gave testimony in Pickens District South Carolina as to the character of Rachel Anderson and her entitlement to full faith and credit.]

[Veteran's widow was pensioned at the rate of \$26 per annum commencing March 4th, 1836 based upon her husband service as a private in the South Carolina militia.]
