On this 24th day of September 1832 personally appeared in open Court before the Justices of the County Court of Bedford at the September term thereof now sitting Henry Adams a resident of the State and County aforesaid aged upwards of seventy one years who being first duly sworn according to law doth on his oath make the following declaration in order to obtain the benefit of the act of Congress passed the 7th day of June 1832– That sometime after the commencement of the Revolutionary War in the year [blank] he was called out as a Militiaman to stand guard over a number of tories who were taken up and confined in jail in the Town of New London. The guard was under the command of one Captain Coteral [sic: John Cottrell] supposed to have been a regular officer belonging to the army He does not remember how long he served but suposes it was a tour of duty he believes it was three months. That afterwards in the year [blank] he was called out together with many of his neighbours to go against the British who were then in N. Carolina & had driven Gen'l. [Nathanael] Greene across Dan River into Virginia [on 14 Feb 1781]. He enlisted before he joined Greenes army in a volunteer Company of which Jacob Moon was the Captain – Benjamin Rice Lieutenant & Thomas Lumpkin the Ensign. He afterwards joined Col. Lynchs [Charles Lynch's] Regiment of Riflemen and was with Colo. [William] Washington's Light horse through various parts of N. Carolina He was at the battle of Guilford [Guilford Courthouse NC, 15 Mar 1781] and served out his time and was discharged but does not recollect distinctly the length of the tour which he believes was three months he has no documentary evidence and if he ever had any written discharge it is lost or mislaid. He can prove his service at new London by Henry Brown [pension application W9365] who served with him and by John Teass his services at Guilford he can prove by Thomas Pullin [sic: Thomas Pullen S15847]. he cannot say with certainty after such a length of time what was the length of their tours of duty but believes they were as above stated nor can he prove the time as most who know any thing about are dead or left the County and those who are left have forgotten all particulars But it is the prevalent opinion among the old men of the neighbourhood that they were three months tours and if so as he believes he is entitled to credit for six months service in the whole. He was born in the County of Bedford in the State of Virginia according to a register made by his father and now in his possession on the 3^d day of February in the year 1761. His name is not on the pension Roll of any State or of the United States and he relinquishes all claim to any other Pension besides the Present.
