[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention.]

To the Honorable the Senate and House of Representatives of the United States of America in Congress Assemble

The Petition of William Nourse formerly of the Navy of the United States on board the Frigate *Confederacy* during the Revolutionary War humbly sheweth. That your Petitioner entered into the service of his country at the age of 17 as a Midshipman 16 October 1780 on board the United States Frigate aforesaid, Seth Hardin Esquire Commander, then lying in the Court of Philadelphia -- that in December following, he sailed in said Frigate for the West Indies, and captured on the passage a British Brig bound from New York to Turks Island for salt, and carried her into Cape Francois (now called Cape Henry) in the Island of Hispaniola -- That your Petitioner in the month of February following sailed said Frigate on a cruise in the West India Seas in company the United States Frigate *Dean*, __ Nicholson Esquire Commander, and captured in that cruise an African Slave Ship called the *Diamond* bound to Jamaica, and returned with her to the then Cape Francois aforesaid, where the said ship with her cargo of slaves, and the Brig aforesaid, were condemned and sold for the benefit of the United States and the captors. That your Petitioner afterwards sailed from the West Indies, bound for Philadelphia, but was unhappily captured on Board the said Frigate *Confederacy* near the Capes of Delaware by the British Ship of war the *Roebuck* Capt. Hammond of 44 guns, and two Frigates on the 16th day of April 1781: a day long to be remembered by your petitioner having lost by his capture nearly everything but the clothes on his back, was then carried into New York at which place he suffered for many weeks the most cruel and vigorous treatment on board the *Jersey* Prison Ship then lying in the Walabough [sic, Wallabout Bay] near the harbor of New York. That your Petitioner when scarcely recovered from a Putrid fever which raged with great mortality on board the said prison ship, was sent with about 40 others from on board said prison ship, a prisoner to a fleet then lying near the Hook bound for England and put on board a British Ship of War and confined down to the hole or cable tier of said Ship (for the enemy in those trying times made no distinction between officers and men) and on its arrival at Portsmouth England, he was put on board the Admirals Ship in that Harbor, and afterwards with others his fellow prisoners taken before a civil magistrate, and after examination was committed to Forton Prison near Portsmouth on suspicion of high treason, agreeable to an Act of Parliament passed about the beginning of the Revolutionary War where your Petitioner was confined for 7 months, and

during the long and tedious winter of 1781 and beginning of 1782 without any fire or other comforts of life much to the injury of his health and very detrimental to his constitution which he sadly experiences to this day. Your Petitioner would further beg leave to state -- that after the capture of Lord Cornwallis at York in Virginia (at which time your petitioner was in Forton Prison above mentioned) and the change of the British Ministry, he was sent back in a Cartel to Philadelphia with about 300 American prisoners and arrived in that City in August 1782 -- but being then out of employment and the Navy of the United States nearly destroyed by the enemy, he entered as a Midshipman on board a large Frigate *South Carolina* John Joiner Esquire Commander then lying in the port of Philadelphia of very heavy metal belonging to, and shortly before built in Holland for that State but your petitioner was in December following again captured on board said Frigate by a Fleet of British Ships of War and again carried into New York, paroled on Long Island and afterwards to Philadelphia from which situation he was only relieved by the return of Peace and the United States obtaining her glorious Independence. Your Petitioner in conclusion would beg leave to state that he is now and has been for many years a citizen in Mercer County Kentucky -- is now in the 64th year of his age, 3 years of the bloom of which he spent in the service of his Country suffering on that account the rage of a cruel enemy, in bonds and vigorous imprisonment -- which is probably the cause that he has been laboring for many years with a broken constitution and for months together such heavy infirmities as to render him entirely unable to attend to any kind of business. He therefore prays that your honorable house to take his case into consideration and grant him that relief that as a suffering Officer of the Navy of the Revolution he is entitled to receive.
