[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention.]

Virginia: Charlotte County to wit:

I Seth Farley do hereby certify that I was intimately acquainted with Josiah Hundley, deceased, in the War of the Revolution, and recollect that in the year 1775, he enlisted as well as my memory now serves, under Captain Marcham [sic], in the Virginia Continental line, for the term of one year – which term he served faithfully – I further certify, that he has been dead for many years leaving a Widow, who is still alive, according to the latest account I have of her – the said Hundley served a tour of three months, in North Carolina in 1781 under Captain Walker, for I was with him. He was also at Camden in 1780, under Captain Walker for three months, but I was not with him – I am in the eighty first year of my age, and served in the revolution.
