[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

[p 8, John Rosborough, Clerk of Court of Chester County, SC, certifies that his office has records showing the marriage of Edward McDaniel to Elizabeth McCaw; Rosborough also states that he was well acquainted with William McDaniel, late a public surveyor in Chester County, and that William's 'obituary' copied above is undoubtedly true.]

[p 12—very faint in places and difficult to decipher]

"Died, at her residence, in Chester District SC on the 24th of August 1845, Mrs. Elizabeth McDaniel, in the 83rd year of her age. The deceased was the relic of a brave Revolutionary soldier, Edward McDaniel, who was dangerously wounded in the "War of Independence." She was born County Antrim, Ireland, but emigrated to this Country in the 7th year of her age. She was married in the heat of that fearful war which Great Britain waged against the "thirteen colonies." She became the Mother of her first child whilst the devouring [?] cannon was still roaring in the mortal [?] ships and had to struggle through a long life only partially assisted by her husband, whose wound in his country's cause rendered him unfit to pursue any severe manual employment; Yet God who feeds his children fed her abundantly, and enabled her to rear a large and respectable family. From early days she cast her lot in with God's people, and through life was enabled to walk in his stations with and intelligent precision above the grade of ordinary attainment. She was the subject of a most happy confidence in God's goodness and grace, hence her society was not rendered disagreeable by those repositings [?] at dark providences and fearful forebodings concerning future Evil, which are a reproach to too many

professions of religion. Her "End" was such as the Bible teaches us to expect concerning the righteous, it was "peace" And the crowd that composed her funeral train by their respectful attentions and sympathies, spoke the estimation in which she was held by her neighbors and fellow church members, never expressively than the most wordy obituary can possibly do, "The memory of the Just is blessed."

Petition of Edward McDaniel

[p 3]

To the Honorable the Senate and house of Representatives and General Assembly at Columbia met

The Petition of Edward McDaniel of Chester District humbly Sheweth

That your petitioner received a Wound in the Shoulder from the British at Rocky Mount in the summer of 1780 [July 30, 1780] when fighting in defense of the State under the Command of General Sumter [Thomas Sumter], by which Wound he was disabled from Supporting his Family or defending his Country to any great effect but with great difficulty and pain served many Tours of duty in Camp in defense of the Country until Peace was concluded in 1783 except whilst living under the care of Physicians for the cure of his Wound, that between four and five Years after receiving said Wound it broke out and discharged a great deal of Matter attended with the most excruciating pain imaginable so that you will Petitioner was for some time deprived of the exercise of Reason previous to its breaking out.

And as there was no Physician Convenient [he] was under the necessity of Employing a Man to assist him to go to Camden where he was several Weeks under the Care of Doctor Alexander and was obliged to borrow Money to defray the expenses as well as Boarding &c as also the Doctors Account, At that time there were Several pieces of bones extracted from under the Shoulder Blade as also from near the Elbow Joint –.

Said Wound has Swelled, Inflamed, broken out and discharged offensive matter several times since that Period. Sometimes did not apply to any Physician as well for the Reason that there was not any convenient and Your Petitioner's Circumstances not admitting him to go from home as to pay the expenses Abroad. Your Petitioner's Wife being much confined with a Family of Small Children he was obliged to hire a person to attend him at home.

⁶ The South Carolina Audited Accounts (AAs) are now available online at <http://www.archivesindex.sc.gov/>. To find the AA for a specific person, click on the [Just take me to the search page](#) link, then enter the person's surname first in the "Full name" box followed by a comma and the person's Christian name. The number behind the 'pp' indicates the number of pages in the file and the 'Audited Account No.' is the actual Account Number assigned by the South Carolina Archives.

But Indigent as the Circumstances of Your Petitioner are in order to save life once applied to Doctor Marlin in North Carolina, take his Boarding &c at a Neighboring house and attend every Second day at the Doctor's to have the Wound dressed for a considerable time –

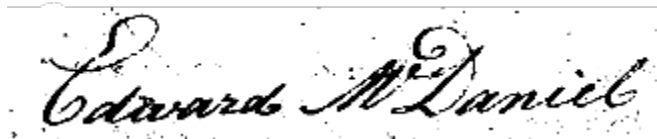

Was obliged once to apply to Doctor Knox once to Doctor Cooper and once to Doctor Harper on account of said Wound, when the parts Swelled and Inflamed and was likely to break out. –

That several times the Wound was probed to the depth of five Inches in one direction and four in another; There were several times after the parts were Swelled and Inflamed was put back by Care and the use of Medicine –

Your Petitioner further Sheweth that he cannot make any Account with accuracy of the expenses or losses of time occasioned to him by said Wound as his dwelling house was burned some Years ago, and with all his household furniture, Books and Papers of every kind whatsoever, and never having undertaken to make a Bill of Expenses occasioned by said Wound until it was too late to do it with any degree of Accuracy, (being Contented with the Pension or annuity allowed me on account of the Wound) until compelled by Necessity as the Shoulder (as old age is Creeping on) growing more troublesome and the Arm more enfeebled, especially since the last time the Wound broke out, that since sometime last Spring is obliged to have assistance to put on and all his Clothes And as for the pains he suffered, or the distresses of his Family by or reason of said Wound, no Calculation can be made, neither can be conceived except by the Sufferers or those who were Eye Witnesses to the same.

You will petitioner therefore Prays That your Honorable Body will take his Case into consideration and grant him such relief as to your honors may seem mete [meet]⁷ and Your Petitioner as in duty bound Shall pray

The State of South Carolina Columbia}

Personally appeared Edward McDaniel of Chester District, & being duly sworn on oath Sayeth; That the contents of his Petition presented to the Legislature is Just and true; and that from the destruction of his papers by the burning of his dwelling House, as therein mentioned, & other circumstances, it is impossible for him to make out any accurate Statement of the Monies he expended But thinks he is certain that in the five several times he was obliged to apply to the different Doctors, viz., Alexander of Camden, McClain of North Carolina, Knox, Cooper & Harper of Chester, it did not cost him less, (but considerably more) than thirty dollars on an average each time (as he conceives sometimes more, & sometimes less) besides the great length of time he lost, to the great inconvenience of himself and poor family, & the most excruciating pain which he suffered.

⁷ In Samuel Johnson's Dictionary of 1755, the first definition of the word "meet" he gives is "Fit; proper...." Johnson noted that even at that time the word "meet" was rarely so used. It must have become fairly popular in South Carolina in the early 1800's, however, as it appears in many petitions submitted to the SC Legislature.

Whilst we as Citizens enjoy the benefits flowing from the blood of our heroes, under a Benign Providence, an honorable Legislative Body could never be considered more generous than just were it to moderate his case by a handsome moiety.
