[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

Interrogatories:

1st Where and in what year were you born? 1754 [?] in Pennsylvania, Bucks County

2nd Have you any record of your age? Have none

3rd Where were you living when called into service, where [have you lived] since the revolutionary war, and where do you live now? When I entered [I lived] in Union County – State of South Carolina – from thence after the war removed to Bedford County Virginia – thence to Greenbrier County Virginia – thence about twenty-three years ago I removed to this State into Addison Township in Gallia County – where I now reside.

4th How called into service? I volunteered.

5th State the names of some of the regular officers who were with the troops where you served etc.? I recollect only General Greene of the regulars who was at Ninety Six with our Regiment and Colonel Thomas' Regiment of South Carolina militia. We had but very little intercourse with the regulars.

6th As a soldier did you receive a discharge from the service? I did not

7th As an officer did you ever receive a commission; and if so by whom was it signed, and what has become of it? I had a commission, it was signed by General Pickens [Andrew Pickens] he thinks, after the war I considered it of no account and it was lost.

I am known to John Switser [?], Philip Switser [?], James Guy. He knows not whether any are living in his present neighborhood who are alive to testify. General Lewis Newsom of Gallipolis, Gallia County, Ohio knew him when in Bedford Virginia.

And the court do hereby declare their opinion after the investigation of the matter, and after putting the interrogatories prescribed by the War Department that the above named applicant was a revolutionary soldier and served as he states. And the court further certifies that it appears to them that James Guy, 2nd and Adam Fillmore who have signed the same are resident in the same township and are creditable persons and that their statement is entitled to credit.
