[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention.]

State of Tennessee Wilson County: Court of Pleas & Quarter Sessions September Term A.D.

1832: 13,543

Declaration of Andrew Bay to obtain the benefit of an Act of Congress passed the 7th of June 1832

This day personally appeared in open Court before the undersigned Justices of the Peace for the County of Wilson holding the County Court of said County now in session Andrew Bay who made oath according to law that in the year 1818 he was placed on the pension roll of the agency of the State of Tennessee as it appears from the annexed certificate of Stephen Cantrell the then Pension agent for West Tennessee he continued to draw for two years and upwards as well as he now remembers and was stricken from the Pension Roll in consequence of his owning more than \$200 worth of property. Applicant enlisted in Guilford County in the State of North

Carolina in 1776 under Captain McCrory [perhaps Thomas McCrory of the 9<sup>th</sup> NC Regt.] for three years and served two and one half and was discharged in consequence of infirmity. Soon after he enlisted he was promoted to the Rank of Sergeant-Major in which office he continued until he was discharged. Said Bay was attached to the 9th Regiment of North Carolina Troops commanded by Col. Williams [John Williams], William Polk now Col. Polk of Raleigh North Carolina acted as Major to the Regiment – the evidence of the services of applicant were forwarded to Washington City at the time he was placed on the pension Roll and still remains there his service was clearly proven by Col. Polk<sup>2</sup> who was at that time on a visit to Tennessee and by Kenez [?] Bay who was likewise in service with him and under the proof made at that time he was allowed to draw the pay of Sgt. Major of nine dollars a month for the time mentioned as aforesaid – applicant during his service was in the Battles of Brandywine [September 11, 1777], Germantown [October 4, 1777] and Brier Creek [Briar Creek, March 3, 1779]. At the time he was placed on the pension roll he was a resident of Wilson County and still is a resident of said County of Wilson – his name has not been on the pension agency of any State except the State of Tennessee from which it was stricken – on account of his little property. Applicant is now 77 years of age is very poor and infirm and will be greatly aided by any bounty from his Country. He hereby relinquishes every claim to a pension or annuity except the present.

Sworn to and subscribed in open Court this 25th of September A.D. 1832 before me.

7<sup>th</sup> September 1832

[Veteran was initially pensioned at the rate of \$8 per month commencing April 27, 1818 for his service as a Sergeant Major in the North Carolina Continental line. He was subsequently stricken from the list because he owned property valued in excess of that permitted under the 1818 and 1820 Acts. Under the 1832 act, veteran was pensioned at the rate of \$120 per annum commencing March 4th, 1831, for 2 years' service as a Sergeant Major in the North Carolina line.]
