[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' or 'undeciphered' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call material errors or omissions to my attention. Researchers should not rely solely on the transcripts but should review the originals for themselves. These transcripts are intended as an aid to research, not to be used in lieu thereof.]

To the Honorable the President and Members of the Senate of the State of South Carolina
The Petition of William Knox of the District of Chester in the State aforesaid

Sheweth.

That during the Revolutionary War your petitioner served with constancy and fidelity as a private in the Sixth Regiment under the Command of General Sumpter until the battle of the Hanging Rock [August 6, 1780], afterwards he was elected a Captain in the Militia of this State, and as such served during the remainder of the War.

That your petitioner is now old; and disabled in his age, and incapable to earn his livelihood by labor, and being reduced to poverty is unwillingly compelled to pray the State to make him restitution for such of his property as was taken from him during the war for the Service of the State. He states to your Honorable body that by order of Colonel Hampton⁷ of the State Troops, a horse belonging to your petitioner was impressed for the Service of the State, and never either returned or paid for; the horse was at that time of the value of one hundred fifty dollars and was taken by a Major Wills [?]⁸ as near as your petitioner can at this time recollect.

Your petitioner therefore prays that his case may be taken into the consideration of your Honorable body, and such relief granted as from the circumstances of the case may seem meet.⁹

And your petitioner will ever pray and so forth.

S/ William Knox

[p 51: Identical petition as set forth above addressed to the South Carolina House of Representatives]

[p 59]

The Honorable the Senate & members of the house of Representatives

The petition of Patience Knox humbly Sheweth that your petitioner is the widow of William Knox late a pensioner of this State that he departed this life on the 31st day of October last past & left your petitioner in very Indigent Circumstances having no lands nor any other property but one cow & calf some articles of house furniture her children all being married & left her & them being in moderate Circumstances & not being able to render her much assistance she

⁷ Either Lieutenant Colonel Henry Hampton or Lieutenant Colonel Wade Hampton, both of whom served in the South Carolina State Troops under Brigadier General Thomas Sumter

⁸ There was no Major by that name in the SC State Troops. Major Patrick Welsh served under Lt. Col. Henry Hampton in the SC State Troops.

⁹ In Samuel Johnson's Dictionary of 1755, the first definition of the word "meet" he gives is "Fit; proper...." Johnson noted that even at that time the word "meet" was rarely so used. It must have become fairly popular in South Carolina in the early 1800's, however, as it appears in many petitions submitted to the SC Legislature.

humblly prays your Honorable body to place her on the pension list in place of her late husband having but slender claims of life being in the eighty third year of her age and your petitioner as ever in duty bound will pray.
