[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. The word 'illegible' or 'indecipherable' appearing in brackets indicates that at the time I made the transcription, I was unable to decipher the word or phrase in question. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading skills fail to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8<sup>th</sup> of June 1786." Please call material errors or omissions to my attention.]

Commonwealth of Massachusetts Hampshire County

On this 11th day of September 1832 personally appeared in open Court before the Honorable Samuel Hinckley Judge of Probate for the County Hampshire now sitting, Richard Briggs a resident of Worthington in said County aged 79 years who being first duly sworn according to law doth on his oath make the following declaration in order to obtain the benefit of the act of Congress passed June 7, 1832. That he entered the service of the United States and served as herein stated.

In the month of October 1778, I sailed in a small privateer from Boston in Massachusetts to cruise off Rhode Island and was captured by the British 74 Gun ship *Culloden* Capt. Belfast and carried in November or December to Milford Haven in England where I remained a prisoner on board till the following Spring when we moved round Portsmouth, where we were placed at Fortum Prison [sic, Forton Prison] where I remained about 7 months. I then made my escape and went to London from which I got a passage to Ostend from which place I went to Paris and got some small relief from Dr. Franklin and proceeded from thence to L'Orient.

At L'Orient in the month of April or May 1780, I engaged as Surgeons first Mate on board the Frigate *South Carolina* belonging to the State of South Carolina, Capt. Joyner under Commodore Gillen [sic, Alexander Gillon] then lying at Amsterdam, and traveled overland to that place and joined the Ship the 28th day of August. We lay in Amsterdam till the Summer of the following year when we proceeded to Corrunna [Corunna] in Spain and from thence to Teneriffe [Tenerife] and from thence homeward bound to Charleston, which finding in the hands of the enemy we stood for Havanna where we spent the winter. In the Spring we joined the expedition from Havanna against New Providence and took it from thence we conveyed some 2 or 3 vessels to Philadelphia where we arrived early in June 1782 where I was discharged after nearly 26 months service.

When I left the Service I had a Certificate of my service which is lost. I have made diligent search for living witnesses of my service but can find none. Nicholas Bartlett of Marblehead was first Lieut. in the ship. Jon<sup>a</sup> Bartlett of Marblehead was Lieut. of Marines, Richard Pierce of Marblehead was Sail Maker (and Joseph Gridley of Boston was Purser and left the Ship at Havana). They are all dead. If anyone but myself exists I know not where. I am compelled therefore to rely for proof to a copy of a Certificate from the Auditor of the State of South Carolina, and the Certificate of the Comptroller General stating the pavement made to me as one of the Crew of the Frigate *South Carolina* which are forwarded with this declaration.

I was born in Norton in the County of Bristol in Massachusetts in 1753 as I believe -- but

no official record of my age. I lived in studied my profession in Braintree at the Commencement of the War, and pursued it in Abington till the year 1807 when I removed to Worthington, where I have lived since.

He hereby relinquishes every claim to a pension or annuity except the present and declares that his name is not on the pension roll of the agency of any State whatever.

Sworn to and subscribed the day & year aforesaid.
