To the Honorable the Speaker, and Gentlemen of the House of Delegates – the petition of James Kemp sheweth –

That your petitioner in course of last session of Assembly petitioned your Honorable House for the depreciation of his pay & subsistence as Purveyor to the Continental Hospitals created within the State under the direction of Doctor William Ruckman, from June 1776 till February 1781, might be allowed him, with such privileges as were allowed to others who acted in the same department; that your Honorable House passed a resolution directing the Auditors to settle with your petitioner for depreciation of pay &c, which resolution was carried to the Senate on the day preceding the last of the session for their concurrence, where it was referred to the consideration of a Committee, but owing as your petitioner supposes to the hurry of business [indecipherable word] at that period of the session, that Committee did not report it, by which circumstance your petitioner has not been able to avail himself of the resolution of your Honorable House – the prayer of his formal petition remaining still unsatisfied: – He therefore prays that your Honorable House may again direct that the depreciation of his pay & subsistence may be allowed him – and also a grant of land agreeable to the resolution of Congress respecting that department, proportioned to his time of service. – And your petitioner shall pray –

S/ Charles Dabney, Lieutenant Colonel S. L.

The affidavit of William Cannon of the County of Princess Anne. This affiant states that he has been in the County of Princess Anne aforesaid; that he is now in the seventy fourth year of his age, that in the latter part of the year 1775 immediately after the battle of Great Bridge [December 9, 1775] he enlisted as a private in the Virginia State line Regiment commanded by Colonel Charles Dabney, in a Company of that Regiment commanded by Captain Augustine Tabb, that he remained in service with Captain Tabb from that time to the latter part of the year 1781, that he was with the company at the siege of York and was regularly discharged some months afterwards. He was well acquainted with Dr. Thomas Kemp of Princess Anne. When this affiant entered the service in 1775 Doctor Kemp was then in the Army as surgeon's mate in Colonel Dabney's Regiment aforesaid in which he served as surgeon's mate until the time when the Regiment was discharged in the latter part of the year 1781 as aforesaid Dr. Thomas Kemp was at the siege of York. This affiant is confident of this for he recollects it distinctly. Dr. Kemp was much esteemed by the officers and men and afterwards represented the County of Princess Anne in the Legislature of Virginia. This affiant was also well acquainted with James Kemp, the father of Thomas, and knows that the said James was in service in the Virginia Continental line, how long he served this affiant does not distinctly know, but is confident it must have been more than three years. The particular rank or occupation of James Kemp in the Army this affiant does not know, but recollects he was frequently about the Hospital.
