Pension application of Henry W. Nicholson

[Methodology: Spelling, punctuation and/or grammar have been corrected in some instances for ease of reading and to facilitate searches of the database. Where the meaning is not compromised by adhering to the spelling, punctuation or grammar, no change has been made. Corrections or additional notes have been inserted within brackets or footnotes. Blanks appearing in the transcripts reflect blanks in the original. A bracketed question mark indicates that the word or words preceding it represent(s) a guess by me. Only materials pertinent to the military service of the veteran and to contemporary events have been transcribed. Affidavits that provide additional information on these events are included and genealogical information is abstracted, while standard, 'boilerplate' affidavits and attestations related solely to the application, and later nineteenth and twentieth century research requests for information have been omitted. I use speech recognition software to make all my transcriptions. Such software misinterprets my southern accent with unfortunate regularity and my poor proofreading fails to catch all misinterpretations. Also, dates or numbers which the software treats as numerals rather than words are not corrected: for example, the software transcribes "the eighth of June one thousand eighty six" as "the 8th of June 1786." Please call errors or omissions to my attention.]

I James Points Marshall of the Western District of Virginia do hereby certify that I am well acquainted with George Nicholson of Staunton Virginia and with his sister Mrs. Elizabeth Lee of Windsor Virginia, the widow of the late Daniel Lee, that he knows the said George Nicholson is living and he knows Mrs. Lee his sister was a few months past; and he believes is still living that he feels confident if she had died lately he should have been informed of it – he further certifies, that he knows that the said George Nicholson and Mrs. Lee have been for some years prosecuting a claim as heirs of their Father Cornet Nicholson for half pay for his services in the war of the revolution, and that he knows that they obtained a land script for the Land bounty due their Father for his services in the war of the revolution. Given under my hand at Staunton Virginia, this 27th day of July 1829.

I certify that I have examined the claim of the Heirs of Henry W Nicholson, deceased on account of his service during the revolution that he was a Cornet in the Virginia State Line, and served to the end of the war; that he died in Virginia in the year 1797; that the case is embraced by the provisions of the act of Congress of the 5th of July 1832, entitled "an act to provide for liquidating and paying certain claims of the State of Virginia;" that the claim should therefore be allowed at the rate of $160 per annum from the 22nd of April 1793 when the war terminated, to the first of January 1797; and that the amount is payable to James F Patterson of Staunton, Virginia attorney of William Nicholson, administrator of said Henry W Nicholson, deceased.

Approved

[From bounty land records in the Library of Virginia]
To his Excellency Governor Floyd – Petition for bounty land

Heirs of Cornet Henry Nicholson State line

The evidence of Public documents shows Cornet Nicholson in service from June 29th 1779 (see Ledger A. No. B 1st Auditor's Office – of which an extract is filed) – perhaps to October 2nd 1782 – (see extract from No. 2 Journal ct. Page 553 which is filed) I do not perfectly understand this last extract or see its full force: it seems, however, to bring this officer down to October 1782.

In addition to this evidence, Eleven [?] respectable witnesses say, they believe that Cornet Nicholson served to the end of the war: and give good reasons for that belief. I have heretofore reported against this claim, on the evidence of documents. I did not think it satisfactory. A reconsideration of the whole evidence has caused me to think favorably of this claim. I report it good, for the war. If it should be allowed, the heirs of Cornet Nicholson will not be entitled to receive land, other than proportion allowed for a service of 3 years – [several indecipherable words] establishes a service to the end of the war – and the allowance should be for the war.

Respectfully

S/ John H Smith, Commissioner

I William Stroud² aged 81 years do hereby certify that I was well acquainted with Cornet Henry Nicholson formerly of this place (Williamsburg) though I was not acquainted with him until after the close of the war, and hesitates not in saying from circumstances and various conversations that I have had with him and others, that I firmly believe he enlisted in the state service during the Revolutionary War and continued therein until the close of the same. He lived after the war in this City and here died.

S/ William Stroud

Frederick B Powell a Citizen of Virginia and an inhabitant of the County of Henrico, being first duly sworn according to law says: That he is now in his seventy first year, that during the Revolutionary war he was in and about the City of WmsBurg [Williamsburg] in which place he was born and brought up, that he was a messenger, and usually employed in conveying Dispatches, Letters &c, from Gloucester County to Williamsburg and to other Posts of the Army, and from that circumstance he became well acquainted with the Officers and Soldiers of the Army. That among others who he knew, he has a perfect recollection of Henry Nicholson who he thinks was a Cornet in the Cavalry, that he was personally acquainted with said Henry Nicholson, knew him well throughout the war, and that he is fully of the believe that he never quitted the Army but that he served to the end of the War. That from the known delight and pleasure which Henry Nicholson took in Military life, and having no of the occupation or means of livelihood he is certain of the correctness of his recollection.

S/ Frederick B Powell

This is to Certify, That it appears from a List in this Office of such Officers and Soldiers of the Virginia State Line, during the Revolutionary War, as settled their Accounts, and received Certificates for the balance of their Full Pay, according to an Act of Assembly, passed the November Session 1781, that a Certificate issued on the 2nd and 27th day of Oct. 1783 and Oct. 1784, in the name of Henry Nicholson, as a Cornet cavalry and Quarter Master Cavalry for £97.2.10 and 17.9.5, which Certificate appears to have been delivered to himself and was given for services prior to the 1st January 1782.

Virginia:
   
   City of Richmond, To Wit:
   
   This day Robert Greenhow an inhabitant of said City & in the seventy third year of his age – being by me duly sworn deposed – That at the beginning of the Revolutionary War the youth of Williamsburg, among whom he was one, formed themselves into a military Corps and chose Henry Nicholson for their Captain. That on Dunmore's flight from Williamsburg – they repaired to the magazine and armed themselves with the blue painted stock guns, kept for the purpose of distribution among the Indians – and equipped as the minute men and volunteers were in military garb, that is to say, with hunting shirts – Trousers – bucks tails [?]—cockades [?] and Liberty or Death appended to their breasts as their motto – That they could and did perform all the evolutions of the manual exercise, far [?] better than the Soldiers who were daily arriving from the adjacent counties. That their Captain (Henry Nicholson) – he supposes was then about fourteen years old – That he, doth not know of what period he entered into the State Service – but he knows that two or three years before the close of the War, he knew him as a Cornet in a Troop of Horse – commanded he thinks by John Nelson – That he (Henry Nicholson) did serve to the end of the war, he is convinced from the circumstance that after Cornwallis left Williamsburg and quarantined [?] himself in York – the officers who were there in the environs, were in the habit of occasionally visiting their female acquaintances, that Henry Nicholson, he firmly believes, was one of those officers – that they would frequently stay until the sound of Tarleton's bugle – a little before day, told them it was necessary to be off – that Henry Nicholson was fond of military life and had no other employment, – and that from those circumstances he firmly believes Henry Nicholson did not leave the service until there was no further use or employment for him in the service.
