Simpson [sic: Simpson] County  

On this day personally appeared before me Ira M Breedlove one of the acting Justices of the peace in and for the county and state aforesaid duly authorised by law to administer oaths Nancy Dishman a resident of the county and state aforesaid aged eighty eight years who being first sworn according to law makes oath as follows. I knew James Dishman at the time of the war of the Revolution. His first service was as a volunteer at the commencement of the war he and his brother lived in Virginia  They were out on sea trying to take some of the British vesels but were taken themselves and carried to the West India Islands and imprisoned for six months and then exchanged and carried to Philadelphia and there delivered up. They then were out about nine months or more in service including the time of imprisoned. They then concluded to go to Kentucky but met some of their acquaintance who pursuaded them not to go  They returned to Botetourt County Virginia and made preparations to raise a crop but before they made the crop orders came for a draft. James Dishman was ordered out as the lot fell on him but rather than serve as a drafted man he went to Colonel William Washington and enlisted under captain William Barrett as a light horse-man for five years and served from 1776 [sic] to the close of the Revolution [formally on 25 Nov 1783] a period of five years in Col Washingtons Regiment of light horse. The foregoing facts came to her knowledge at the time and
confirmed afterward by the information she received afterward to wit Jeremiah Desman [sic: Jeremiah Dishman] the other Brother from Botetourt was drafted and on account of his bad health as unable to stand hard marching he was stationed at a place low down in Virginia called Hobbs hole [at present Tappahannock in Essex County VA on Rappahannock River] to guard the sea coast and after the War this affiant and the said Jeremiah Dishman were married about the year 1782. James Dishman before mentioned came home after being discharged from his five years service and lived in the neighbourhood until the year seventeen hundred and eighty seven about the month of October of that year (1787) when he married Jane Gunn his present widow. She is enabled to fix the period of their marriage from the fact that her third child was born in 1787 and the record of the birth of the child is recorded in a book with her other children now in her possession. They were married by Parson Holt a Protestant Minister Jane Gunn lived at the house of this affiant at the time of the marriage and had been for some time before the marriage. Affiant was of course present at the marriage and had a knowledge of the legality of the same. They were married in Botetourt County Virginia and she has known them ever since as man and wife until the death of James Dishman which took place in 1820. The said James Dishman had some land and property at his death and prevent him from being place on the roll of Pensioners previous to his death. James Dishman served five years as before stated in one engagement, and nine months in service as a volunteer and [illegible word] She has a good recollection and could state a great deal more if necessary.
